Re: Affordable Housing Linkage Fee Study Proposal

Dear Ms. Lukowiak:

As requested, Burton & Associates is pleased to present the City of Palmetto with this proposal to conduct an Affordable Housing Linkage Fee Study for the City. This proposal was prepared based upon our understanding of the required scope of services discussed in a telephone call with Mr. Jim Free.

Based upon our understanding of the required scope of services, we have prepared a detailed Work Plan and Cost Estimate Schedule (Schedule) which is enclosed. This schedule shows that successful completion of the Study will require approximately 248 man-hours for an estimated fee of \$35,700 plus estimated out-of-pocket expenses of \$2,856 for a total estimated cost of \$38,556.

I will serve as Project Principal on this project and Bob Gray, President of Strategic Planning Group (SPG), will serve as Project Director. SPG specializes in providing planning related services to local government and has considerable experience in affordable housing. Bob and I have known each other professionally for over 20 years he provides specialized technical assistance to us on projects such as this, where his expertise and experience are particularly relevant to the subject. SPG served in a similar role in an Affordable Housing Linkage Fee Study that we performed for the City of Coconut Creek, Florida.

We can begin work on this assignment immediately upon receipt of a notice to proceed and estimate that the Study can be completed within about 60 days. We appreciate the opportunity to present the City with this proposal and look forward to the possibility of working with you again on this assignment.
