Palmetto CRA

Façade Enhancement Grant Program 2009-2010

PALMETTO'S FAÇADE ENHANCEMENT GRANT PROGRAM SF 10-04

INTENT

It is the goal of the Palmetto Community Redevelopment Agency (CRA), under Part III, Chapter 163, Florida Statutes to eliminate slum and blight in the Community Redevelopment District. This Façade Enhancement Grant Program includes the objectives of: (1) strengthening downtown as a multi-use center; (2) strengthening the City's contribution to the well-being of the community; (3) improving the physical image within the district; and (4) enabling successful on-going revitalization.

PROGRAM DESCRIPTION

In order to carry out these goals and objectives, the CRA will provide assistance to owners of commercial property located in the CRA District. Map of the CRA District can be found at www.palmettofl.org. It is the intent of this grant program to fund a portion of the applicant's cost for exterior, non-structural improvements, which will increase the aesthetic appeal of the structure. This program is not intended to fund new construction or routine maintenance and/or repairs of the structure. It is not intended to improve structures which are used primarily as residential units. Also, under the Constitution of the State of Florida Article I Section 3, religious organizations cannot be funded with public monies and therefore do not qualify for participation under this program. Page 6 shows examples of some, but is not limited to, improvements of eligible façade enhancements.

Applicants are to complete the attached application form and submit it with all required attachments to the CRA Board in order to be considered for assistance.

ELIGIBILITY

Applications will only be considered if they meet all of the following eligibility criteria:

- Application must be initiated by owner.
- Businesses must have the appropriate local business tax receipt(s) and be in compliance with city codes at completion of the project. All required governmental approvals (i.e.: Planning and Zoning, SWFWMD, etc) and permits must be properly issued, and final inspections must be performed as appropriate.
- Buildings that are partially in and partially out of the CRA district are eligible for funding for the portion that is only within the CRA district.

Projects must be visible from the street, sidewalk, and/or parking lot.

- Projects must be completed within 90 days of award, unless a written extension is requested of and granted by the CRA Board.
- Non-profit organizations, with the exception of religious organizations, or other organizations that do not pay ad-valorem taxes are eligible for funding.

- Property must be current in water/sewer/garbage and tax bills, and without City liens, and verified by CRA staff. Previous delinquent status of public utilities, taxes, etc. will be considered in prioritizing applications for funding.
- All building materials and colors, as well as plant materials, shall be subject to CRA approval.
- Labor expenses are eligible only when performed by a licensed contractor in good standing in Manatee County. All quotes/bills/invoices must reflect the contractor's license number.
- Funding is limited to \$50,000 for any applicant /business/ individual, per building during any 60 month period, and subject to available CRA funds.
- Improvements can be initiated, provided required procurement procedures are followed, not more than 90 days before the submission of an application for funding. All competitive bids/quotes must be dated prior to the commencement of the associated improvements. The submission of an application does not, in any way, imply an award of grant funding.

APPLICATION RATING CRITERIA

The following criteria may be considered, along with all required submissions, in evaluating applications:

- Small disadvantaged business (as defined by the SBA)
- Minority Business Enterprises (as defined by the SBA)
- First time applicants
- Utilization of Palmetto based contractors and businesses
- Implementation of CRA Waterfront Plan or Downtown Design Guidelines
- Enhances pedestrian/multi-modal transportation connectivity
- Located on Palmetto main/entry corridor
- Located in Historic District/Old Main Street
- Enhances, preserves or restores historic facades
- CRA contributes 25% or less of total project cost

PROCUREMENT PROCEDURES

Applicants are expected to make sound financial decisions, seeking competitive prices for projects. Evidence of compliance with the below procedures must be submitted with the grant application.

- Improvement costs in excess of \$2,500 must include at least 2 estimates or a statement of non-availability of contractors or services.
- Improvement costs in excess of \$10,000 must include at least 3 estimates or a statement of non-availability of contractors or services.

- If structure is partially in and partially out of the CRA district, estimates must be split between the portions of the structure that lies within and without of the CRA district.
- Any and all costs may be compared with current industry standards to ensure reasonable pricing.
- Property owners may complete improvements themselves, as allowed by State and local building codes, provided that the cost of improvements is not greater than the least of the competitive bids gathered in compliance with these Procurement Procedures. When property owner completes improvements themselves, labor cost will not be considered for payment.
- As it is the intent of the CRA to support strong, viable business in Palmetto, grant applications must include estimates from Palmetto-based businesses for all proposed improvements when available. Alternatively, applicants should provide statements of non-availability of local contractors or services.

FUNDING

Grant amounts shall not exceed Fifty Thousand Dollars (\$50,000.00) or one-half (1/2) of the improvement cost, whichever is less and shall require an affirmative vote of a majority of a quorum of the CRA Board.

PLEASE BE ADVISED THAT ALL GRANTS ARE AWARDED AT THE DISCRETION OF THE CRA Board AND ARE SUBJECT TO FUND AVAILABILITY. PROJECTS ARE SUBJECT TO APPROVAL BY THE BUILDING DEPARTMENT AND THE PLANNING AND ZONING BOARD AS APPLICABLE.

TIMELINESS

It is the intent of the CRA to provide access to this incentive program throughout the fiscal year 2009-2010, and to encourage the timely completion of projects in order to maximize availability of monies for commercial façade enhancement. In order to execute this intent, the CRA will accept and review completed applications with submission deadlines of 3:00 P.M. on October 2, 2009, January 4, 2010, April 2, 2010 and July 2, 2010 for consideration at the next scheduled board meeting. *Wm*

It is anticipated that applicants will request grant funding when they intend to make improvements to their property. Therefore, projects should be planned for completion within 90 days of award. In the event that any project, through no fault of the owner, is anticipated to take more than 90 days for issuance of a certificate of occupancy or other evidence of completion from the City of Palmetto Building Department, the applicant must change the written application appropriately on their timeline, and a completion deadline must be included. Applicants are advised that in the event they do not complete the project within the timeframe stated in the approved application they may lose funding unless the grant period is extended by affirmative recommendation by the CRA Advisory Board to the CRA Board for approval.

DISBURSEMENT OF FUNDS

Prior to any disbursement of grant dollars, applicant must provide the CRA with proof of matching contribution by providing copies of bills and cancelled checks or receipts. Grant money will be distributed only after the applicant has submitted such documentation to the CRA and the CRA board, with an affirmative vote of a majority of a quorum, approves payment.

If the CRA Board has awarded an amount based on estimates supplied at the time of the application, and the actual costs are less than estimated, the CRA Board will reduce the award amount accordingly.

MAINTENANCE OF COMPLETED IMPROVEMENTS

Improvements funded by the Commercial Revitalization Façade Grant Program will be maintained in good order. Failure to maintain these improvements will require a reimbursement to the CRA of the matching grant amount.

Please complete the following application and submit to:

**City of Palmetto CRA
715 4th St. W.
Palmetto, FL 34221
(941) 723-4988**

Examples of eligible items under the Façade Enhancement Grant Program

The following are some examples of items eligible for funding. Improvements must be in keeping with the intent of this program. The fact that an item is on this example list does not, in and of itself, entitle payment under the Façade Enhancement Grant Program. Potential items not on the list but meeting the intent of the program will also be considered for inclusion.

- Landscaping-Florida native/drought resistant landscaping per SWFWMD list with irrigation only
- ✓ • Awnings
- ✓ • Compatible painting and exterior renovation
- ✓ • Architectural design assistance
- ✓ • Pavement treatment (Excludes maintenance and normal repair)
- ✓ • Decorative fences, border treatments
- Ornamental grill work – Must be consistent with community character of the City of Palmetto
- Creation or repair of impervious surfaces(Excludes maintenance and normal repair)
- Color analysis for historic reviews
- Incentives for historic preservation designation
- Lighting (accent, safety, interior display)
- Window replacements/upgrades
- Sidewalk replacements/upgrades
- Door replacements/upgrades
- Right-of-way treatment
- Maintenance Agreements
- Pedestrian amenities (water, fountain, benches, bike racks)
- Historic residential improvements-listed on register & in compliance with all codes
- Exterior surveillance equipment when installed as part of a larger façade enhancement project

FACADE ENHANCEMENT GRANT PROGRAM APPLICATION

SF10-04

APPLICANT:

BUSINESS NAME:

PROPERTY'S PHYSICAL ADDRESS:

PROPERTY OWNER'S NAME:

CONTACT PERSON:

MAILING ADDRESS:

PHONE:

FAX:

REQUIRED SUBMISSIONS:

1. General Project Description – please provide detailed plans and elevations of improvements. Include descriptions or samples of proposed colors and/or materials where applicable. Please be specific.
2. Timeline - Outline total renovation timeline to include project start and end dates.
3. Occupants - Provide information on business(es) that currently occupy/will be occupying structure. Include any other information that may be helpful in review of the application.
4. Existing site information – please attach a site plan or survey of property with photographs showing existing structure and grounds.
5. Cost of Improvements – please break out an itemized list of estimates for all improvements. Attach written estimates and plans for improvements as described in Procurement Procedures with the application.
6. Site Control - Applicants must submit verification of site control (deed).

NOTE: Any plans that are submitted should be 8.5" x 14" or smaller. Should you need to submit plans that are larger, please provide 20 copies.

SATISFACTION OF GRANT CRITERIA

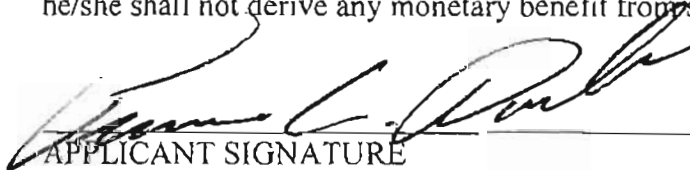

By filing this application, the Applicant agrees and understands that this grant is given at the sole discretion of the Community Redevelopment Board. Application for funds under this program does not create an entitlement to funding. Renovations are subject to the approval of the Planning and Zoning Board, Building Department, and other Boards where applicable.

Submission of this application serves as the applicant's verification that he/she has the financial means to complete the project and is committed to maintaining the property in the renovated state.

This application and all attachments will become a part of public records.

CERTIFICATION

Applicant hereby certifies that all the information provided to complete this application is current, accurate, and truthful and that he/she has read and understands the associated **PALMETTO'S FAÇADE ENHANCEMENT GRANT PROGRAM**. The applicant understands that, to be eligible for funding assistance, all projects must be completed within 90 days of award, unless a written extension is granted by the CRA Board. The applicant certifies that he/she shall not derive any monetary benefit from specified contractors.

Hungry Howies

Expansion

1705 8th Ave

Palmetto Fl

Feb 2, 2010

CRA Palmetto Florida

Re: Hungry Howies Pizza Buffett Expansion

Purpose of the Project

To expand the main dining area to provide additional seating and services. Dining expansion is approximately 1000 square feet.

Add new exterior design and appearance enhancing the building to be like our newest store in Ellenton. Add new awnings and updated signage . Create a new and more appealing entry and add a new front facade.

Replace the frame storage structure behind main building with new concrete structure with exterior surface to match the remainder of the building thereby enhancing the overall building appearance.

Benefits

Through this expansion we obviously hope to increase our business volume and subsequent number of employees required. We have been in Palmetto now for nearly twenty years, providing employment and a dining facility along the main thruway of Palmetto. This expansion will improve the appearance of the northern entry to Palmetto and complement the transformation occurring on 17th Street and the 8th Avenue Bus transfer facility.

The date of commencement for the Hungry Howies Pizza Buffet Expansion is dependent upon FPL's schedule to relocate the transformer. Given the size of the project, the applicant is requesting a 120 day completion time.

Revised 2/5/10

We propose to perform the following sign work:

1. **Manufacture and Install: Two (2) each - 6' Round, internally illuminated wall signs. Pan-formed Plexiglas translucent white sign faces, decorated with 3M Scotchcal translucent graphics film.**
Materials, fabrication, installation and tax: \$ 5,588.00
Approved Line Item 1 Date:
2. **Manufacture and Install: One (1) set - 18" high, internally illuminated, raceway mounted channel letters.**
Materials, fabrication, installation and tax: \$ 2,813.00
Approved Line Item 2 Date:
3. **Manufacture and Install: Internally illuminated fabric awnings stretched over 1" aluminum frame.**
Materials, fabrication, installation and tax: \$12,250.00
Approved Line Item 3 Date:

Total of this Proposal:

\$ Total of Approved Line Item(s) #

Standard Payment terms: 50% Deposit. Balance is due upon completion. Deposits from cancelled orders will be refunded less any actual expense that may be incurred while processing your order. This may include but is not limited to administrative time, materials and shop labor. Valid credit cards (MC & Visa) are accepted for payment but will incur a 3.5% usage fee. **Any changes made to the drawing(s) after the order is processed will incur a minimum charge of \$250.00. Buyer Initial:** _____

Permits: City of Palmetto sign permits, sealed engineering drawings, long-hand calculations and administrative time necessary to apply for and acquire sign permits is not included in the total proposal cost. If a permit is applicable to your installation, all fees, documents and time will be invoiced at cost, upon completion. **Buyer Initial:** _____

Submittals: All contracts in excess of \$2,500.00 require a Notice of Commencement. Design drawings must be approved by the party responsible for the work. If a Landlord Authorization Letter is required, the property owner or agent must also approve the drawings. A copy of the latest property survey may be needed. Landlord Approval Letters and Notice of Commencement forms will be provided by Magee Sign Service, Inc.

Schedule: Completion of the work will not exceed six weeks from the time permits are issued and or all necessary submittals are acquired in most instances. This schedule may be disrupted due to material shortages, strikes, natural disasters or severe weather conditions.

The Work: All work will be performed in accordance with the following drawing(s): 31825 Note: Due to inconsistencies in printer colors, the design sketch colors may vary from actual paint or vinyl colors. All paint or vinyl colors noted in this proposal will be within industry shade tolerances.

Conditions:

The terms and conditions stated above, attached or on the reverse side hereof constitute this entire agreement. The parties agree that they have carefully read the entire agreement and fully understand the covenants and obligations of each of the parties hereto. This proposal is effective for 30 days.

Hungry Howie's Pizza
5306 Cortez Rd W, Suite 4
Bradenton, FL 34210

Re: Hungry Howie's Pizza at 1705 8th Ave E, Palmetto

Dear Pierre Dubord:

In response to your request on March 24, 2009, the non-binding "ballpark" estimate to Relocate FPL Underground Facilities is \$12,000. This does not include any excavation, FPL will provide the materials, (conduit and bends) but it will be the responsibility of the customer to trench and install. This amount is an "order of magnitude" estimate **only**. This estimate is not an offer from FPL to perform the requested work and should not be construed or used as such for detailed planning purposes. It is provided strictly to assist your preliminary decision making. FPL shall not be held liable for any variations that may occur between this "order of magnitude" estimate and any detailed cost estimates that may subsequently be provided by FPL.

Should you desire to pursue this matter further by requesting a "binding" detailed Engineering Cost Estimate, an engineering deposit in the amount of \$450.00 will be required. This request must be made in writing and shall specify, in detail, the scope of work to be included in the estimate. Binding Detailed Engineering Cost Estimates are valid for six months and subject to change in the event of a work scope change.

Should you pay an engineering deposit and elect to have the work performed (the work included in the estimate for which the deposit was paid), that deposit will be applied to the FPL work order as customer Contribution in Aid of Construction (CIAC). This applied amount would contribute toward the total CIAC amount determined by the detailed cost estimate, if the CIAC is paid while the estimate is valid. If you elect not to have that work performed, or if no CIAC payment is made while the estimate is valid, the deposit will be withheld by FPL to defray a portion of FPL's cost to produce the estimate. Should additional detailed estimates be required for work not included in your original request, you may be required to pay any additional FPL engineering costs to produce those estimates.

Should you have any questions or wish to consider a binding cost estimate, please call me at 941-723-4424.

Sincerely,

Larry Russo

Option- For 26ga Standing Seam red in color. Total \$9,920.00. Please check one. Yes___ No___	
Amick Roofing disclaims any liability implied or real for present or future testing, removing, monitoring, or treating any response to potential, alleged, perceived, threatened, or actual presence of mold, fungi of any kind or for materials used containing them. Due to the known volatility of the steel industry, if there is an increase in the price of steel products charged to the contractor subsequent to making this proposal/contract, the price set forth in this contract shall be increased to reflect such. Upon request contractor will submit verification of such increase. Due to the inconsistencies of roof decks and the stresses of performed metal panels, any oil canning effect that may result is not cause for rejection of roof system. This is cosmetic in nature and does not effect the integrity of the roof warranty.	
Due to the price volatility of roofing material, Amick Roofing, Inc. reserves the right to withdraw this proposal in the event of any significant price increases, or may pass those increases into the proposal for acceptance by the customer. Permit Fees not included.
