Palmetto CRA

Façade Enhancement Grant Program 2009-2010

PALMETTO'S FAÇADE ENHANCEMENT GRANT PROGRAM SF 10-05

INTENT

It is the goal of the Palmetto Community Redevelopment Agency (CRA), under Part III, Chapter 163, Florida Statutes to eliminate slum and blight in the Community Redevelopment District. This Façade Enhancement Grant Program includes the objectives of: (1) strengthening downtown as a multi-use center; (2) strengthening the City's contribution to the well-being of the community; (3) improving the physical image within the district; and (4) enabling successful on-going revitalization.

PROGRAM DESCRIPTION

In order to carry out these goals and objectives, the CRA will provide assistance to owners of commercial property located in the CRA District. Map of the CRA District can be found at www.palmettofl.org. It is the intent of this grant program to fund a portion of the applicant's cost for exterior, non-structural improvements, which will increase the aesthetic appeal of the structure. This program is not intended to fund new construction or routine maintenance and/or repairs of the structure. It is not intended to improve structures which are used primarily as residential units. Also, under the Constitution of the State of Florida Article I Section 3, religious organizations cannot be funded with public monies and therefore do not qualify for participation under this program. Page 6 shows examples of some, but is not limited to, improvements of eligible façade enhancements.

Applicants are to complete the attached application form and submit it with all required attachments to the CRA Board in order to be considered for assistance.

ELIGIBILITY

Applications will only be considered if they meet all of the following eligibility criteria:

- Application must be initiated by owner.
- Businesses must have the appropriate local business tax receipt(s) and be in compliance with city codes at completion of the project. All required governmental approvals (i.e.: Planning and Zoning, SWFWMD, etc) and permits must be properly issued, and final inspections must be performed as appropriate.
- Buildings that are partially in and partially out of the CRA district are eligible for funding for the portion that is only within the CRA district.
- Projects must be visible from the street, sidewalk, and/or parking lot.
- Projects must be completed within 90 days of award, unless a written extension is requested of and granted by the CRA Board.
- Non-profit organizations, with the exception of religious organizations, or other organizations that do not pay ad-valorem taxes are eligible for funding.

SF10- 05

- Property must be current in water/sewer/garbage and tax bills, and without City liens, and verified by CRA staff. Previous delinquent status of public utilities, taxes, etc. will be considered in prioritizing applications for funding.
- All building materials and colors, as well as plant materials, shall be subject to CRA approval.
- Labor expenses are eligible only when performed by a licensed contractor in good standing in Manatee County. All quotes/bills/invoices must reflect the contractor's license number.
- Funding is limited to \$50,000 for any applicant /business/ individual, per building during any 60 month period, and subject to available CRA funds.
- Improvements can be initiated, provided required procurement procedures are followed, not more than 90 days before the submission of an application for funding. All competitive bids/quotes must be dated prior to the commencement of the associated improvements. The submission of an application does not, in any way, imply an award of grant funding.

APPLICATION RATING CRITERIA

The following criteria may be considered, along with all required submissions, in evaluating applications:

- Small disadvantaged business (as defined by the SBA)
- Minority Business Enterprises (as defined by the SBA)
- First time applicants
- Utilization of Palmetto based contractors and businesses
- Implementation of CRA Waterfront Plan or Downtown Design Guidelines
- Enhances pedestrian/multi-modal transportation connectivity
- Located on Palmetto main/entry corridor
- Located in Historic District/Old Main Street
- Enhances, preserves or restores historic facades
- CRA contributes 25% or less of total project cost

PROCUREMENT PROCEDURES

Applicants are expected to make sound financial decisions, seeking competitive prices for projects. Evidence of compliance with the below procedures must be submitted with the grant application.

- Improvement costs in excess of \$2,500 must include at least 2 estimates or a statement of non-availability of contractors or services.
- Improvement costs in excess of \$10,000 must include at least 3 estimates or a statement of non-availability of contractors or services.

SF10- 05

- If structure is partially in and partially out of the CRA district, estimates must be split between the portions of the structure that lies within and without of the CRA district.
- Any and all costs may be compared with current industry standards to ensure reasonable pricing.
- Property owners may complete improvements themselves, as allowed by State and local building codes, provided that the cost of improvements is not greater than the least of the competitive bids gathered in compliance with these Procurement Procedures. When property owner completes improvements themselves, labor cost will not be considered for payment.
- As it is the intent of the CRA to support strong, viable business in Palmetto, grant applications must include estimates from Palmetto-based businesses for all proposed improvements when available. Alternatively, applicants should provide statements of non-availability of local contractors or services.

FUNDING

Grant amounts shall not exceed Fifty Thousand Dollars (\$50,000.00) or one-half (1/2) of the improvement cost, whichever is less and shall require an affirmative vote of a majority of a quorum of the CRA Board.

PLEASE BE ADVISED THAT ALL GRANTS ARE AWARDED AT THE DISCRETION OF THE CRA Board AND ARE SUBJECT TO FUND AVAILABILITY. PROJECTS ARE SUBJECT TO APPROVAL BY THE BUILDING DEPARTMENT AND THE PLANNING AND ZONING BOARD AS APPLICABLE.

TIMELINESS

It is the intent of the CRA to provide access to this incentive program throughout the fiscal year 2009-2010, and to encourage the timely completion of projects in order to maximize availability of monies for commercial façade enhancement. In order to execute this intent, CRA Staff will accept and review completed applications to be submitted to the CRA Advisory Board for recommendation to the CRA Board. CRA Staff requests that all applications be submitted 7 days prior to CRA Advisory Board meeting. CRA Advisory Board Meetings for fiscal 2009-2010 are the second Tuesday of the Month. The CRA Advisory Board will then forward the recommended action to the CRA Board for the next scheduled meeting.

It is anticipated that applicants will request grant funding when they intend to make improvements to their property. Therefore, projects should be planned for completion within 90 days of award. In the event that any project, through no fault of the owner, is anticipated to take more than 90 days for issuance of a certificate of occupancy or other evidence of completion from the City of Palmetto Building Department, the applicant must change the written application appropriately on their timeline, and a completion deadline must be included. Applicants are advised that in the event they do not complete the project within the timeframe stated in the

approved application they may lose funding unless the grant period is extended by affirmative recommendation by the CRA Advisory Board to the CRA Board for approval.

SF10- 05

DISBURSEMENT OF FUNDS

Prior to any disbursement of grant dollars, applicant must provide the CRA with proof of matching contribution by providing copies of bills and cancelled checks or receipts. Grant money will be distributed only after the applicant has submitted such documentation to the CRA and the CRA board, with an affirmative vote of a majority of a quorum, approves payment.

If the CRA Board has awarded an amount based on estimates supplied at the time of the application, and the actual costs are less than estimated, the CRA Board will reduce the award amount accordingly.

MAINTENANCE OF COMPLETED IMPROVEMENTS

Improvements funded by the Commercial Revitalization Façade Grant Program will be maintained in good order. Failure to maintain these improvements will require a reimbursement to the CRA of the matching grant amount.

Please complete the following application and submit to:

City of Palmetto CRA
715 4th St. W.
Palmetto, FL 34221
(941) 723-4988

SF-10 05

Examples of eligible items under the Façade Enhancement Grant Program

The following are some examples of items eligible for funding. Improvements must be in keeping with the intent of this program. The fact that an item is on this example list does not, in and of itself, entitle payment under the Façade Enhancement Grant Program. Potential items not on the list but meeting the intent of the program will also be considered for inclusion.

- Landscaping-Florida native/drought resistant landscaping per SWFWMD list with irrigation only
- Awnings
- Compatible painting and exterior renovation
- Architectural design assistance
- Pavement treatment (Excludes maintenance and normal repair)
- Decorative fences, border treatments
- Ornamental grill work – Must be consistent with community character of the City of Palmetto
- Creation or repair of impervious surfaces(Excludes maintenance and normal repair)
- Color analysis for historic reviews
- Incentives for historic preservation designation
- Lighting (accent, safety, interior display)
- Window replacements/upgrades
- Sidewalk replacements/upgrades
- Door replacements/upgrades
- Right-of-way treatment
- Maintenance Agreements
- Pedestrian amenities (water, fountain, benches, bike racks)
- Historic residential improvements-listed on register & in compliance with all codes
- Exterior surveillance equipment when installed as part of a larger façade enhancement project

FACADE ENHANCEMENT GRANT PROGRAM APPLICATIONSF10- 05

APPLICANT:

BUSINESS NAME: 600 Palmetto L.C.PROPERTY'S PHYSICAL ADDRESS: 600 8th Avenue PalmettoPROPERTY OWNER'S NAME: 600 Palmetto L.C.CONTACT PERSON: Jim WadeMAILING ADDRESS: PO Box 14449Bradenton, FL 34280PHONE: C: 941-224-4811 H: 941-747-0249FAX: 941-747-0249

REQUIRED SUBMISSIONS:

1. General Project Description – please provide detailed plans and elevations of improvements. Include descriptions or samples of proposed colors and/or materials where applicable. Please be specific.
2. Timeline - Outline total renovation timeline to include project start and end dates.
3. Occupants - Provide information on business(es) that currently occupy/will be occupying structure. Include any other information that may be helpful in review of the application.
4. Existing site information – please attach a site plan or survey of property with photographs showing existing structure and grounds.
5. Cost of Improvements – please break out an itemized list of estimates for all improvements. Attach written estimates and plans for improvements as described in Procurement Procedures with the application.
6. Site Control - Applicants must submit verification of site control (deed).

NOTE: Any plans that are submitted should be 8.5" x 14" or smaller. Should you need to submit plans that are larger, please provide 20 copies.

SF10- 05**SATISFACTION OF GRANT CRITERIA**

By filing this application, the Applicant agrees and understands that this grant is given at the sole discretion of the Community Redevelopment Board. Application for funds under this program does not create an entitlement to funding. Renovations are subject to the approval of the Planning and Zoning Board, Building Department, and other Boards where applicable.

Submission of this application serves as the applicant's verification that he/she has the financial means to complete the project and is committed to maintaining the property in the renovated state.

This application and all attachments will become a part of public records.

CERTIFICATION

Applicant hereby certifies that all the information provided to complete this application is current, accurate, and truthful and that he/she has read and understands the associated **PALMETTO'S FAÇADE ENHANCEMENT GRANT PROGRAM**. The applicant understands that, to be eligible for funding assistance, all projects must be completed within 90 days of award, unless a written extension is granted by the CRA Board. The applicant certifies that he/she shall not derive any monetary benefit from specified contractors.

1. General Project Description: New glass doors to replace existing doors. The new doors will be handicapped compatible. This will allow us to negotiate new space with the State of Florida. This was a condition prior to negotiating.
2. Timeline: 3 days
3. Occupants: We currently have four tenants.
 - 1.) Feld Entertainment – owner of Barnum & Bailey Circus – Ice Shows – very large company – has existing office space on 17th Street.
 - 2.) State of Florida Vocational Rehabilitation Center – Their plan is to bring other agencies into the building as well as a regional training room for agencies below Tampa.
 - 3.) Sleek Audio – Company makes high end ear phones for sports teams as well as supplying companies all over the world. They have been in the hearing devices business locally for twenty years.
 - 4.) CAT Adjusters – This is an extension of the New Orleans office to bring in adjusters to handle claims in the event of a hurricane or other natural disasters.
4. Existing site information – Copy included – *to be delivered*
5. Cost of Improvements – See attached bids
6. Site Control – Deed enclosed

Project: 600 8th Ave (Palmetto) FRONT ENTRANCE

We appreciate this opportunity to serve you and your client.

Remove and Replace one existing opening of doors and glass at the front entrance as followed:

One opening of 89 ½" x 107 ½" which now consist of a pair of ½" Clear Tempered glass doors and one sidelite.

This opening will be replaced now with a pair of doors with a transom .

The new doors and frame will be now a hurricane Impact system do to the new codes. The doors will be a Kawneer Bronze IR500 frame and the doors will be a Bronze IR350 Impact and the glass is 9/16" Clear.

The doors will consist of the following: Standard Butt Hinges, Standard Panic Hardware on one door and the other will have the panic to be electric, and Standard threshold.

This system will also have a Handi cap electric closer that will be hooked up to the one door leaf that has the electric panic.

The contractor will be responsible for a new 110 line to be run to the opening so it can be hooked up to the new system and also the proper permit that will be needed for this project.

JOB TOTAL: \$ 16,035.00
