Handwritten signature and date: 4-9-11

Creating Community™

Public art painted mural project:
707 7th Street West Palmetto, FL (West facing wall)

SMAC at PAC DEFINED | SMAC is the formation of a small yet powerful group of culturally diverse individuals who want to work collaboratively and impact their community with painted murals. Palmetto Art Center (PAC) provides studio space on weekends and is working on the coordination of a public art painted mural for the City of Palmetto.

MEETINGS | A series of educational, inspirational, experimental and group sharing gatherings in order to increase our understanding of; what murals are, how they are made, who else makes them and how we will make them together.

SMAC founder and muralist leading students | April Gladden | Manatee School for the Arts, Visual Arts Teacher

Mural coordinator | Gretchen Leclezio

Murals | Murals are important in that they bring art into the public sphere. Exhibited at a public site, this art is for everyone - a form of collective community expression. Murals influence the conscious and/or subconscious attitudes of passers by when they are added to areas where the community lives and works. They help shape public image, perception and awareness. In so doing, the presence of large, public murals can add aesthetic improvement and enrichment to the daily lives of residents.

Mural site: Dr. Amanda Nevin's dentist office

Address: 707 7th Street West | West Facing Wall

Please see attached photos of before and after images of proposed painted mural project.

Project estimate: not to exceed: \$3,000.00
