POINT PAPER
City of Palmetto – DRI #236 Rivera Dunes
Notice of Proposed Change (NOPC)

GENERAL LOCATION

Southwest corner of U.S. 41 and Haben Boulevard, north of the Manatee River.

INFRASTRUCTURE IMPACTS

The developer of Riviera Dunes wishes to have the option of constructing Offices and a Quality Restaurant in lieu of the previously approved uses identified in the Land Use Exchange Matrix for the DRI. If opted, these future development plans will be accompanied by a proposed reduction of other infrastructure equivalent uses. For example, should the developer decide to construct the Offices and Quality Restaurant as proposed, an equivalent number of residential units or retail space cannot be built. There shall be no increase in traffic or other infrastructure needs for the newly proposed uses.

SUMMARY AND STAFF RECOMMENDATIONS

Background Summary

On December 20, 1999 the Palmetto City Council adopted Ordinance No. 665, constituting a Development Order for Riviera Dunes Resorts, Inc. This Development Order authorized construction of a 202.25 acres mixed use project. Upon a February 13, 2005 buildout, Riviera Dunes would contain: two hundred and fifty (250) single-family and three hundred and sixty-seven (367) multifamily residential units; one hundred forty-one thousand and five hundred (141,500) square feet of “Specialty” retail; a three thousand-five hundred (3,500) square feet convenience market; a one hundred twenty-five (125) room hotel; a fifteen thousand (15,000) square feet family golf center; and four hundred (400) wet slips.

The Development Order has been amended a total of four times, the most recent was adopted on October 17, 2005 (Ordinance No. 05-871). The amendments have formally authorized: identified hurricane mitigation measures; revisions to the land use equivalency matrix; modified required transportation improvements; increased the maximum number of residential units available under provisions of the Equivalency Matrix to eight hundred and fifty-seven (857); relocation of land uses on select parcels; and extended the project build-out and Development Order expiration dates to February 12, 2010. Ordinance No. 05-871 amended the Development Order as follows:

- Recognize Office as a specifically approved use within the Land Use Equivalency Matrix;

- Increase the maximum amount of residential development by an additional one hundred and five (105) units [to eight hundred and fifty-seven (857) total];
- Formally change the name of the Master Developer from W.C. Riviera Partners, L.C. to Riviera Dunes Development Partners, LLC; and
- Add one point two-nine (1.29) acres of property to the DRI parcel.

Current NOPC Modification Requests

The applicant has requested the Land Use Equivalency Matrix be modified to allow maximums of 75,000 sq. ft. of Office and 12,000 sq. ft. of Quality Restaurant within the project through conversion of other previously approved project uses.

TBRPC recommended to the City of Palmetto that the proposal is presumed to create a Substantial Deviation. However, it is the opinion of TBRPC and City of Palmetto staff that no unmitigated regional impacts would result from the requested modification. [F.S. 380.06(19)(e)3].

Staff Recommendation

Staff does not know at this time what elements of the project will be reduced to accommodate the increase in Office and Quality Restaurant uses. We presume these uses will be established on the vacant parcels adjacent to US 41. These parcels were previously approved for a residential use. At that time, staff had concerns about the compatibility of residential units close to a busy roadway. In addition, some residents of Riviera Dunes expressed the need for additional retail and restaurants. A mixed use project that includes offices that will have employees to support the restaurants and shops is recognized as an improvement to the project from staff's perspective. As such, staff recommends **APPROVAL** of the Notice of Proposed Change to allow the above referenced changes.

PLANNING AND ZONING BOARD RECOMMENDATION

The Planning and Zoning Board recommended **APPROVAL** of the NOPC at the December 10, 2007 meeting.
