**Point Paper
Auction Surplus
Final Revisions**

Problem:

The approved list of surplus property needs to be amended to include newly identified surplus items and equipment.

Background:

On March 17, 2008, City Commission approved Resolution 08-11 declaring surplus property for auction on 5/17/2008. Since this initial approval staff has identified additional city owned property that must be declared surplus before it can go to auction.

The attached is the final revised listing of city owned property which needs to be attached as an amended Exhibit A to Resolution 08-11.

Alternatives:

1. Take no action and hold newly identified property until the next auction.
2. Amend Exhibit A of Resolution 08-11 to show the final revised surplus property listing going to auction 5/17/08.

Recommendation:

Staff recommends alternative # 2.

Budget Impact:

There will be no actual impact to the City's budget. Based on the gross auction receipts, the City will pay a tiered percentage, as stated in the agreement with Holzman Auctioneers approved by City Commission 3/17/2008. The City will also be responsible for the cost of the advertising that will be done by the auctioneer. These combined expenses will be taken from the gross receipts by the auctioneer and the net will be paid to the City.
