**POINT PAPER
REGULATION OF ICE CREAM VENDOR TRUCKS**

PROBLEM:

In 2007, the Board of County Commissioners of Manatee County, Florida enacted County Ordinance 07-74, which regulates and licenses the vehicles, and operators utilized in the vending of ice cream. This Ordinance provides for the inspection of proposed vehicles by the Manatee County Sheriff's Office, the licensure of the vendor by Manatee County, and the requirement for certain safety equipment and signage on the vehicles as well as evidence of insurance. Further, the Ordinance provides for a background check on all vendors and disqualifies certain persons from licensure as a vendor.

BACKGROUND:

The City of Palmetto has expressed an interest in adopting or "Opting In" to this Ordinance to provide a clear and articulate means by which the Palmetto Police Department as well as Code Enforcement Officers of the City of Palmetto may enforce certain provisions of the Ordinance. The Manatee County Sheriff's Office will continue to inspect vehicles and conduct background investigations on proposed vendors. Adoption of this Ordinance would provide members of the Palmetto Police Department the clear authority to stop and inspect vehicles and operators for compliance with the provisions of the Ordinance.

ALTERNATIVES:

1. Adopt or "Opt In" to Manatee County Ordinance 07-74.
2. Do not adopt or "Opt In" to Manatee County Ordinance 07-74.

RECOMMENDATIONS:

Adopt Manatee County Ordinance 07-74.

BUDGET IMPACT:

None

 - (4) Copies of all inspection certificates shall be retained by the County Administrator or his or her designee and by the Sheriff's Office.
 - (5) The requirements of this subsection are in addition to any and all legal requirements imposed by the federal, state, and/or local government for motor vehicles, and particularly for ice cream trucks.

Section 2-19-23. Ice Cream Truck Operator Permits.

Operator permit required. Beginning April 1, 2008, no ice cream truck operator shall undertake any vending activities unless and until such ice cream truck operator has obtained an operator permit pursuant to this section.

- (a) Application. The applicant shall submit a complete application to the County Administrator or his or her designee. The application shall contain the

following information: (i) the legal name of the individual applying for the permit along with any aliases; (ii) the applicant's Social Security number; (iii) the applicant's date of birth; (iv) the applicant's current driver's license numbers and the state of issuance for each; (v) the applicant's street and mailing addresses; (vi) a list of all jurisdictions in which the applicant has held or currently holds a driver's license; (vii) a list of the applicant's convictions, if any, for felony offenses or misdemeanor driving offenses, including the date of adjudication and the jurisdiction where the conviction occurred; and (viii) the signature or other appropriate mark of the applicant. The signature or mark provided shall certify that all information provided is true and accurate and that the applicant agrees to defend, indemnify, and hold harmless the County and its respective officers, agents, and employees from any suits, actions, and claims arising out of or in any way connected with the activities permitted under an operator permit. No incomplete applications shall be processed. If an application is deemed incomplete for any reason, the County Administrator or his or her designee, not later than ten (10) days following receipt of the application, shall inform the applicant in writing of the reason(s) for such determination. The time period for approval or denial of an application shall not commence until a complete application form is received.

(b) Fee. Any fee for applying for a permit pursuant to this subsection shall correspond to the administrative costs of review and issuance and shall be established by resolution of the Board of County Commissioners. If no such resolution is enacted, there shall be no fee to obtain a permit.

(c) Processing. Within thirty (30) days following receipt of the complete application, the County Administrator or his or her designee shall either deny or approve the operator permit application in writing. If an application is denied, the County Administrator or his or her designee shall state the reasons for denial. If no final decision is made to approve or deny a permit within such thirty (30) days, the application shall be deemed to be approved on a temporary basis until a final determination is made.

(d) Standards for approval. An operator permit shall be approved only upon verification that:

- (1) The applicant (i) is not required by any governmental jurisdiction to register as a sexual offender, sexual predator, or such other similar classification as may exist in the state or territory of conviction; (ii) has no convictions within the preceding three (3) years in any governmental jurisdiction for reckless driving, driving under the influence, or such similar offenses as may exist in the jurisdiction of conviction; and (iii) has no more than three (3) total convictions during his or her lifetime in any governmental jurisdiction for reckless driving, driving under the influence, or such similar offenses as may exist in the jurisdiction of

conviction. A criminal background check shall be completed to verify this.

- (2) The applicant possesses a valid driver's license and is not a habitual traffic offender under the definition of Section 322.264, Florida Statutes. A review of the applicant's permanent driving record for Florida and all other jurisdictions where the applicant holds or has held a driver's license shall be completed to verify this.

(e) Expiration and renewals. An operator permit issued pursuant to this subsection shall expire three (3) years from the date of issuance. Renewals shall be handled in the same manner as new applications.

(f) Permit automatically voided. An operator permit issued in error shall automatically be rendered void if the County finds that the application for that permit contained any false or misleading information or failed to disclose any material information requested by the application. An operator permit shall be automatically void should the permit holder fail to maintain the standards for approval pursuant to Section 2-19-23(d) at any time prior to the permit's expiration.

(g) Reporting requirement; interim review. An operator permit holder shall be responsible for notifying the County of any changes to the information required to be provided on an application while the permit application is under review and/or before the expiration of an issued permit. Upon such notification, or at any other time prior to expiration of a permit, the County may review a permit holder's criminal and/or driving records to ensure the standards for approval continue to be met. Should the County find upon review that a permit holder's status has changed such that he or she is no longer eligible to obtain or hold a permit, the County shall immediately notify the permit holder at his or her address of record that the permit is void pursuant to this Section 2-19-23(g), and that vending activities in the County must have ceased as of the date on which the permit was automatically voided.

(h) Safety test. The Board may by resolution adopt a standard safety test as a requirement of issuance of an operator permit. If so adopted, the test must be completed before an applied-for permit is issued or a previously issued permit is renewed. Such test requirement may include the viewing of a street vending safety film.

(i) General terms applicable to all operator permits.

- (1) Issuance of an operator permit shall not relieve any person of the annual inspection requirement for any ice cream truck he or she may operate.
- (2) An operator permit shall be nontransferable.
- (3) An operator's original permit shall be kept in the ice cream truck while that operator is engaged in any vending activities and shall be produced

upon demand of any law enforcement officer or code enforcement officer.

- (4) A copy of each issued operator permit shall be retained by the County Administrator or his or her designee, and a copy forwarded to the Sheriff's Office.

Section 2-19-24. Operating Restrictions.

Beginning April 1, 2008, an ice cream truck shall not be operated in violation of the following restrictions:

 - (5) Vend only when the ice cream truck is lawfully parked or stopped pursuant to this section and all other applicable laws;
 - (6) Vend only from the side of the truck away from moving traffic and as near as possible to the curb or edge of the public road;

 - (8) Not stop on the left side of any public road to vend or attempt to vend.
- (b) The operator of an ice cream truck that is stopped on a public road for the purpose of vending shall actuate the signal lamps and extend the "Slow Children Crossing" signal arm required by Section 2-19-22(c)(1) and (2). Such lights and signal arm shall not be used when the truck is in motion nor at any time the truck is stopped for a purpose other than vending.
- (c) An ice cream truck operator shall not back the truck during or immediately following any vending activities or when there is a child within fifty (50) feet behind the vehicle.
- (d) Sound amplification, if used, shall be restricted to the playing of non-vocal music, shall not be used while the vehicle is stopped or parked, shall not be audible at a distance exceeding five hundred (500) feet, and shall not be used

within five hundred (500) feet of hospitals, schools, or churches or other houses of worship.

Section 2-19-25. Enforcement; violations.

The Sheriff and other law enforcement agencies are authorized to enforce this Article. Any violation of any provision of this Article shall be prosecuted as provided in Section 125.69, Florida Statutes, and shall be punishable upon conviction by a fine not to exceed \$500 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment. Each violation of this Article shall constitute a separate offense. In addition to the criminal penalties provided herein, the county may institute any appropriate civil action or proceeding, including suit for injunctive relief, as may be necessary in order to prevent or abate violations of this section.

SECTION 3. Codification. The publisher of the County's Code of Laws, the Municipal Code Corporation, is directed to incorporate the amendments included in Section 2 of this Ordinance into the Code of Ordinances.

SECTION 4. Severability. If any section, sentence, clause, or other provision of this Ordinance shall be held to be invalid or unconstitutional by a court of competent jurisdiction, such section, sentence, clause, or other provision shall be deemed severable, and such invalidity or unconstitutionality shall not be construed as to render invalid or unconstitutional the remaining sections, sentences, clauses, or provisions of this Ordinance.

SECTION 5. Effective Date. This Ordinance shall become effective immediately upon filing in the Office of the Secretary of State in Tallahassee, Florida.
