1. DEVELOPMENT REVIEW FEES

Mr. McCollum reviewed information on the City's development fees. He has also provided the P&Z Board the same information, which will be reviewed at the next meeting. He requested that Commission review the information distributed comparing City fees to surrounding governmental agencies. He stated the City has many categories where the City does not have fees, as compared to Manatee County.

Mr. McCollum also discussed actions that will be brought to Commission, such as the sign ordinance. He also briefly discussed a proposed Land Use Code that will be brought to Commission at a later date.

The topic will be brought back to Commission after the P&Z Board review, with any recommendations from the Board.

Mr. McCollum will review Manatee County fees to insure the current fees have been provided Commission, and provide the information to Mr. Freeman and Mr. Tusing.

Fence Permits requiring Commission approval is being increased because of the staff time to prepare the permit for Commission review. Mr. McCollum stated that if the Building Department can issue the permit, the \$500 is not applicable. Mr. Williams opined the \$500 fence permit fee is too high; Ms. Varnadore concurred.

Mr. McCollum requested Commission consider a fee for an appeal. Attorney Barnebey discussed the appeals process and the staff time involved. He stated it is possible that man-hour expenses will exceed the cost of the appeal, but the due process should not be discouraged with a high fee. Commission could consider a fee that will discourage frivolous appeals.

Mr. McCollum discussed his reason for not assessing a fee for a CDD. He suggested that an actual cost for the development of a CDD can be assessed; the item is legal cost intensive, not staff time intensive. Attorney Barnebey stated he would recommend a fee.

Mr. Tusing requested that Mr. McCollum look at the tree removal fee. The proposed fee is for development, not existing trees. Mr. Tusing suggested the \$50 fee is not sufficient.

## 2. PROPOSED SETTLEMENT AUTHORITY ORDINANCE

Review of a proposed ordinance establishing the Mayor's settlement authority for certain claims made against the City. The proposed language will clarify the procedure for the settlement of administrative approval of settlement of claims not referred to the City's insurer.

Mr. Freeman stated Florida League of Cities (FLOC) is the City's insurer, and defends most claims. Guidelines and procedures are contained in the insurance policy allowing FLOC to settle claims. The proposed ordinance is intended for items that would not be referred to FLOC.

Attorney Barnebey reviewed the settlement criteria set forth in the ordinance. He suggested that language be added requiring notice to the Commission of settlements. He suggested it is also possible and appropriate to establish criteria in the ordinance to set an annual maximum amount that can be administratively approved.

Commissioner Varnadore stated her desire to incorporate language into the ordinance requiring Commission notification of claims. Mayor Bryant concurred that Commission should be notified of all pending claims. Commissioner Varnadore also opined any action against the City should also be provided Commission. Mr. Freeman suggested that the quarterly budget review could also contain settlement information.

The ordinance will be brought back to the December 21, 2009 workshop and be moved forward to the 7:00 agenda with Commission's approval.

Mr. Tusing discussed the 10<sup>th</sup> St. & 14<sup>th</sup> Ave. and 10<sup>th</sup> St. & 8<sup>th</sup> Ave. intersection improvements bids which were opened last Wednesday. He stated the estimated cost of the project was \$1.3 million; bids ranged from \$632,000 to \$739,000. He requested permission from Commission to allow the award of bid be added to the 7:00 pm agenda. Attorney Barnebey concurred that the Commission could approve the contract, contingent upon attorney review. Mayor Bryant stated that if Commission does not agree to allow the addition to the agenda, she would like to call for a special meeting of the Commission.

Ward 1 Phase II 90% engineering plans are on track.

FDOT has bid the Haben Blvd. resurfacing project. The City must agree to maintain the street after the resurfacing.

Mr. Freeman displayed the appearance of the new minutes software posted on the City's website.

Mr. Freeman explained that the proposed ordinance is intended to clarify that the customer of record is the responsible party for the stormwater fee and to also clarify that the fee tables reflect a monthly rate.

Mayor Bryant opened the public hearing continued from November 16, 2009. After no public comment, Mayor Bryant closed the public hearing.

**MOTION: Commissioner Williams moved, Commissioner Lancaster seconded and motion carried 5-0 to adopt Ordinance No. 09-1001.**

 **4. PUBLIC HEARING: ORDINANCE 09-1002**

AN ORDINANCE OF THE CITY OF PALMETTO AMENDING CHAPTER 22, PERSONNEL, ARTICLE IV, GENERAL EMPLOYEES' RETIREMENT SYSTEM, OF THE CODE OF ORDINANCES OF THE CITY OF PALMETTO; AMENDING SECTION 22-82, MEMBERSHIP; AMENDING SECTION 22-84, FINANCES AND FUND MANAGEMENT; PROVIDING FOR CODIFICATION; PROVIDING FOR SEVERABILITY OF PROVISIONS; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

Mr. Freeman explained the ordinance allows for the investment of the pension plan's portfolio in alternative investments to diversify and reduce the volatility of investments in the current economic environment. The Board of Trustees has recommended allowing a maximum 10% of the portfolio to be placed in alternative investments. If Commission adopts the ordinance, the Board of Trustees must then modify the plan's Investment Policy to allow alternate investments.

The ordinance also allows for a one-time buy-back option for employees who have opted out of the pension plan, provided it is a cost neutral transaction to the Fund.

Mayor Bryant opened public hearing.

**MOTION: Commissioner Cornwell moved and Commissioner Zirkelbach seconded to adopt Ordinance No. 09-1002.**

Discussion: Attorney Barnebey confirmed that the language pertaining to compliance with Section 215.47 narrows the investment possibilities to the investments set forth in the Statutes.

Commissioner Varnadore questioned how the investment in a group trust differs from Section 215.47. Ray Dielman, chair of the Pension Plan Board of Trustees, stated that the group trust is another investment option that the Board of Trustees may utilize.

Mayor Bryant closed the public hearing.

**Motion on the floor carried 5-0.**

 **5. PUBLIC HEARING: APPROVE SALE OF PROPERTY AT 924 5TH STREET WEST, PALMETTO BY THE PALMETTO COMMUNITY REDEVELOPMENT AGENCY AT LESS THAN FAIR MARKET VALUE**

Attorney Barnebey stated a public hearing to sell property at less than fair market value is required pursuant to Florida Statutes. The CRA Board reviewed and voted to accept the proposal submitted by the only RFP respondent at the November 2, 2009 meeting. Commission must now approve the sale of the property at less than fair market value.

Mayor Bryant opened the public hearing.

Jim Amerson, 551 17<sup>th</sup> St. W., discussed his outstanding issues with the sale. He stated he had conversed with the Fire Department, which stated the existing system had to be made operational; Public Works confirmed they had received a quote for approximately \$2,000 to make the system operational. He also opined an appraisal should have been obtained to have a starting point for the sales price in order to protect the tax payers' dollars.

Ellen Leonard stated her concern was with the notice process to proposers or potential buyers. She commented on the length of time the public notice was advertised and efforts the City could have taken to alert the public of the sale, stating she was not satisfied the City had exhausted all possible advertisement avenues. She requested the Commission reconsider the item and put it out for further proposals to ensure the City is getting the very best proposal for property.

Commissioner Lancaster inquired if the sprinkler system could be repaired. Mayor Bryant stated the repairs would be much more than \$2,000. Jeff Burton, Interim CRA Administrator, stated the Fire Dept. has tagged the building as being delinquent. He stated the noticing was done in accordance with Florida Statutes. He opined that with the outstanding violations, it would be better to demolish the building than make the necessary repairs. Commissioner Zirkelbach quoted a price of \$1.50 to \$2 per foot for a new fire system.

Commissioner Zirkelbach discussed the Manatee County just value of \$292,000, of which \$82,000 was land value. He equated the size of the land as eight city lots valued at \$10,000 per lot. He acknowledged that at the time of the property's purchase, the appraisal was based on market appraisal.

Mayor Bryant opined that the City can either spend substantial sums on the building or find a way to make the property marketable. The purchasers propose a level of work in excess \$1 million within a two-year timeframe, and will not be eligible for any of the CRA Storefront Grants for ten years, an equivalent of \$150,000.

Mr. Burton discussed the on-street parking that the purchaser has committed to deed back to the City, as well as the building's lot that will be open to public parking. The removal of industrial use

in the Old Main Street coordinator and the proposed doctor's office in the area is a viable solution to the issue.

Mr. Burton discussed the process that was observed in the sale of the building. Attorney Barnebey assured Commission the requirements in Florida Statutes regarding the sale of property for less than market value were followed.

Mayor Bryant closed the public hearing.

**MOTION:** Commissioner Varnadore moved, Commissioner Williams seconded and motion carried 3-2 to approve the sale of property at 924 5th Street, West, Palmetto, by the Palmetto Community Redevelopment Agency at less than fair market value, but not less than \$100,000.
