**City of Palmetto  
Comprehensive Plan  
Future Land Use Map Amendment  
Staff Report**

**Background**

As a part of the process to relocate 23<sup>rd</sup> Street West, in order to accommodate the ball field expansion that resulted from the relocation of Palmetto Elementary School, the City has recognized the need to adjust the Future Land Use Map (FLUM) in order to accommodate the relocated collector.

The attached Map (Proposed Land Use Amendment) illustrates the recommended revisions to the Future Land Use Map (FLUM) that accommodate the relocated streets and provide appropriate Future Land uses. As the map illustrates, there are five parcels included in this Amendment.

Parcel 1 is a 2-acre sliver of land located along the east right-of-way of the proposed extension of 10<sup>th</sup> Avenue West, north of 17<sup>th</sup> Street West. The existing Future Land Use designation is currently PF, since the parcel is owned by the Manatee County School Board. The Amendment would change the land use category to GCOM, which will make it consistent with the adjacent GCOM designated area to the east.

Parcel 2 is a 2-acre parcel located at the intersection of the proposed 23<sup>rd</sup> Street West relocation and 10<sup>th</sup> Avenue West extension in the southwest quadrant of the intersection. Since the parcel is located at the intersection of two functionally classified roadways, a commercial node at the intersection appears to be an appropriate Land Use designation.

Parcel 3 is an 11-acre parcel located east of the 10<sup>th</sup> Avenue extension between existing 23<sup>rd</sup> Street West and the proposed 23<sup>rd</sup> Street West relocation. The proposed Land Use designation is GCOM, which would be an extension of the existing GCOM designation to the east.

Parcel 4 is a 14.0±-acre parcel located north of US 41 and east of 8<sup>th</sup> Avenue. The proposed Land Use designation is GCOM.

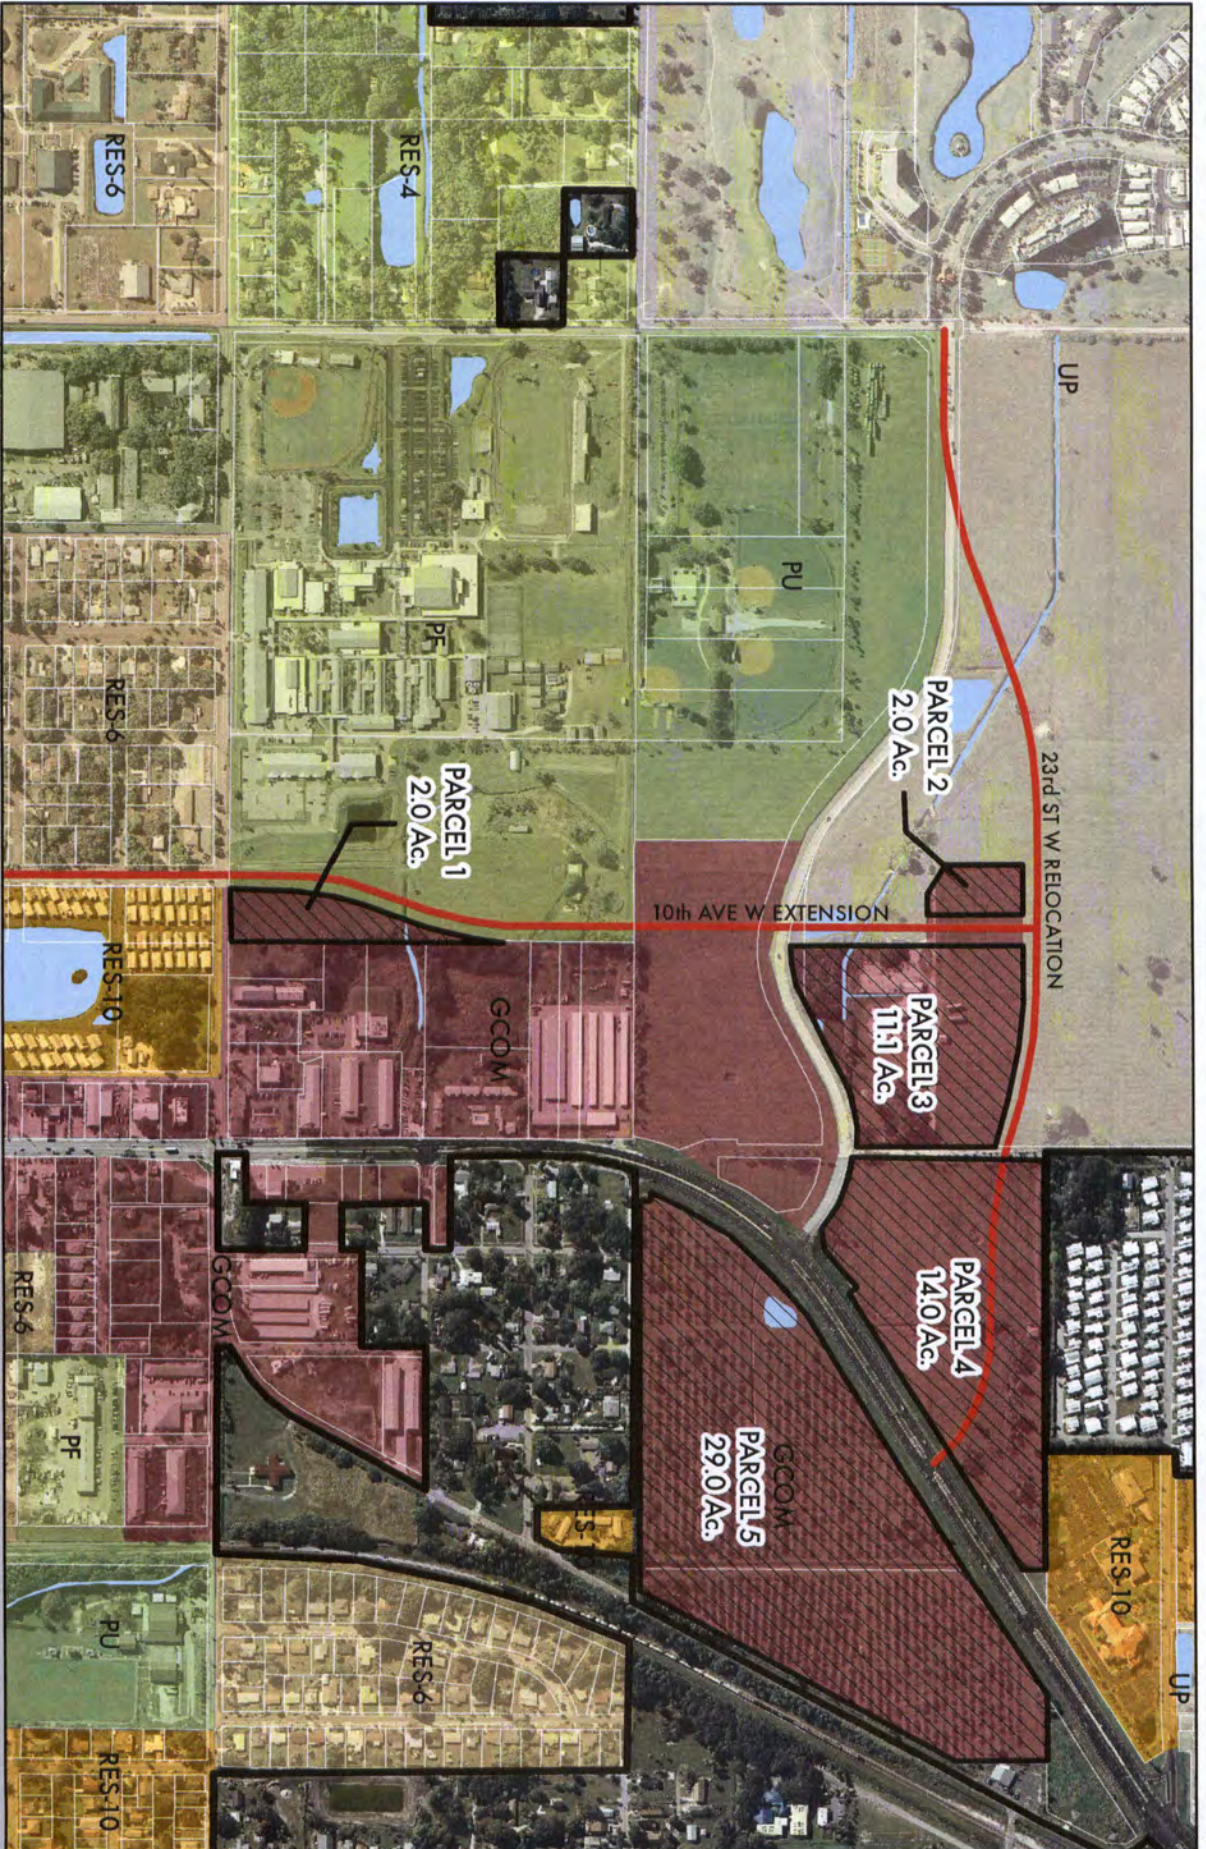

Parcel 5 is a 29±-acre parcel located east of Parcel 4 and east of US 41. The parcel extends east to the SCL railroad right-of-way. The proposed Land Use designation is GCOM as well.

**Conclusion**

These 5 parcels accommodate the revised transportation network in this area and accommodate the additional ball fields and related recreational facilities, including the extension of 10<sup>th</sup> Avenue West and the relocation of 23<sup>rd</sup> Street West. Taken together, they constitute a significant commercial area in the north central part of the City that will be sufficient to supply the needs for future commercial activities in this portion of the City.
