Title:
2013 Cooperative Funding from SWFWMD

Public Works was made aware that there is \$405,000. available from the Southwest Florida Water Management District. There is a short time frame and Public Works and Atkins are working on the application for the additional funding for the City's ASR Project. The monies will be available for 2013 and will require a 50% match. I have spoke to finance and we will work the match into our CIP for that year.

What we need is approval to apply and authorization for the Mayor to sign. It is uncertain if this will be a revision to our existing agreement or a new agreement. Once SWFWMD makes that detirmentation we will bring either the reviaion or new agreement back to the commission for approval
