Presenter: Chief Rick Wells

Department: Police Department

Title: 2012-33 PD DNA Lab Service

Background:

On August 30th, our Agency initiated a death investigation that involved a host of suspicious circumstances (Case # 12-014843). Over the next few weeks, detectives have uncovered facts and circumstances that have made this a criminal investigation. There are several pieces of physical evidence that were collected during the course of this investigation that must have undergo DNA forensic analysis. For a variety of reasons, time is of the essence to get this analysis completed and the results back quickly. For this reason, it is necessary to utilize a private lab.

The Department will use DNA International for this DNA forensic analysis. The total cost for the evidence analysis is \$7,080.00. This cost will be paid from the Reserves for Law Enforcement account. As per F.S. 932.7055 (5)(a), DNA testing is considered a complex investigation expense and funds from the Reserves for Law Enforcement can be used to offset the cost but must be approved by City Commission.
