Title:

Conditional Use Permit CU 2012-07 for Farm Worker Housing, Old Florida Investments, Inc.
415 9th Street W & 804, 806 & 808 5th Avenue W - 4 duplexes
Continued from October 1, 2012

CU2012-07 is for 4 duplexes to be used as farm worker housing in response to the adoption of Ordinance 2012-07 on August 6, 2012 allowing existing farm worker housing units that are not zoned RM-5 or RM-6 to apply for a conditional use by October 31, 2012 in order to become legal nonconforming uses. The zoning code requires a conditional use in the Residential Multi-Family (RM-6) or Residential Duplex (RM-5) zoning districts for farm worker housing and the subject properties are zoned Single Family Residential (RS-4) and Neighborhood Commercial (CN). These four duplexes are located on the east side of 5th Avenue, south of 9th Street and are all permitted by the Department of Health.

Ordinance 2012-07 establishes standards for conditional use approval for farm worker housing and requires both a CPTED review by the Police Department and a site plan/survey of the site. It also extends the timeframe that a nonconforming use can cease operations (from 1/2 year to 2 years), before having to conform to the district regulations.

The P&Z Board held its hearing on October 18, 2012 and recommends approval of CU2012-07 subject to CPTED recommendations below:

1. The property owner shall maintain doors and windows in good working order with all parts including locking hardware (locks and pry guards), window panes and screens that fit securely and are not torn.
2. The property owner shall insure that air conditioner units are securely installed to prevent removal and unauthorized entry.
3. Install and maintain wide-angle peep hole viewers in all doors.
4. The property owner shall insure that existing lights at the front and rear doors of the units are in good working condition.
5. Install and maintain dusk to dawn security lighting in the fenced area at the rear of the units to include either free standing pole lights or wall mounted security lights.
6. Provide and maintain motion activated security lights between buildings to illuminate high traffic areas from dusk to dawn.
7. The property owner shall secure existing electrical boxes on the exterior of the units or remove them.
8. The property owner shall install unit numbers along 5th Avenue W per Sec. 25-39 of the City Code.
9. Installation of video surveillance is strongly encouraged for parking areas, front and rear of the buildings, and open area in the back for the protection of the residents and to aid the protective efforts of the Police Department.
10. The farm worker housing units may be occupied in accordance with the permit issued by the Florida Department of Health.
11. The Owner shall have 60 days from the date of approval of the Conditional Use permit to complete required site improvements.

Staff Report
Conditional Use Permit for Farm Worker Housing
CU-2012-07: 415 9th Street W & 804, 806 & 808 5th Avenue W

BACKGROUND

Old Florida Investment, Inc. is the applicant of this Conditional Use (CU) permit for farm worker housing located at 415 9th Street W & 804, 806 & 808 5th Avenue W. This CU application is in response to the adoption of Ordinance 2012-07 on August 6, 2012 which allows existing farm worker housing units that are not zoned RM-5 or RM-6 to apply for a conditional use by October 31, 2012 in order to become legal nonconforming uses. The zoning code requires a conditional use in the Residential Multi-Family (RM-6) or Residential Duplex (RM-5) zoning districts for farm worker housing and the subject properties are zoned Single Family Residential (RS-4) and Neighborhood Commercial (CN). The four duplexes included in this application are located on the east side of 5th Avenue, south of 9th Street and are all permitted by the Department of Health. The subject properties were listed in Section 2D of Ordinance 2012-07 and made application to the City on August 17, 2012, prior to the October 31, 2012 deadline.

Ordinance 2012-07 resulted from the City desire to provide appropriate standards for farm worker housing and boarding/rooming houses as conditional uses within certain zoning districts, in order to provide for the safety and protection of the residents of such facilities. To this end, it establishes standards for conditional use approval for farm worker housing and requires both a CPTED review by the Police Department and a site plan/survey of the site. It also extends the timeframe that a nonconforming use can cease operations (from 1/2 year to 2 years), before having to conform to the district regulations.

3. East: GCOM /RS-4/vacant land
4. West: HCOM/CHI/5th Ave, railroad, vacant commercial

SITE REVIEW

History

The subject properties consist of 2 lots with 2 duplexes on each lot. Duplexes are not permitted in either the RS-4 or the CN zoning district. However, multi-family is a Conditional Use in the CN district. According to the Property Appraiser's information, these duplex buildings were constructed between 1976 and 1981 but the City's Building Department has no records for these properties except for an electrical service change in 2007 for 415 9th Street W. There are no building permits available for structures on these properties.

Historical Zoning

According to the historic zoning maps in the Planning Department, Lot 5, Block I of Plat of East Palmetto was zoned R-5 (Single Residential) and Lots 6-8 of the subject property were zoned C-4 (Commercial Neighborhood Business) prior to zoning conformance. After zoning conformance and a correction in 1998 (Ord. 614), the subject properties were zoned RS-4 and CN respectively consistent with the Future Land Use Plan. According to the October 19, 1981 Zoning Code, C-4 permitted duplexes but R-5 did not suggesting that 415 9th Street W may benefit from Ordinance 2012-07.

PLAN COMPLIANCE

Per Ordinance 2012-07, the City's Zoning Code's definition of *Farm Worker Housing* is as follows:

Shall include "migrant labor camps" and "residential migrant housing", as those terms are defined in Section 381.008, Florida Statutes, as may be amended. Notwithstanding the foregoing, the term "farm worker housing" shall not include a single-family detached dwelling unit which is not under the same ownership, management or control as any adjacent property which is used for farm worker housing."

The City's Comprehensive Plan permits farm worker housing in appropriate locations of the City and encourages the provision of affordable housing including farm worker housing within the City limits as demonstrated by the following Plan objective and policies:

Objective 3.9: Continue to recognize the need for safe and sanitary farm worker housing within the City.

Policy 3.9.2: The City will permit farm worker housing in appropriate locations in accordance with the City's land development regulations.

Policy 3.5.1: The City shall provide information, technical assistance and efficient permitting processes to assist the private sector to maintain a rate of housing production especially for affordable housing

sufficient to meet the needs of the population.

REQUESTED APPROVAL

The following standards shall apply to all applications for Conditional Use permits pursuant to Sec. 15.4 (C) of the Zoning Ordinance.

1. Purpose and Intent: The Comprehensive Plan

The proposed use shall be consistent with the stated purpose and intent of the applicable zoning district regulations and this ordinance, and consistent with the Comprehensive Plan.

This Conditional Use proposal is for farm worker housing permitted in accordance with Ordinance 2012-07 which allows existing farm worker housing to become legal nonconforming upon approval.

2. Applicable district regulations

The proposal shall comply, where applicable, with the regulations of the zoning district in which the proposed use is most commonly permitted.

This Conditional Use proposal for farm worker housing complies with Ordinance 2012-07 to the extent that the use (farm worker housing) will be considered legal nonconforming upon adoption of this CU permit. The proposed density of 13.4 du/ac exceeds the 10 du/ac maximum density of the GCOM category. Based on the aforementioned Historical Zoning, all but one the structures appear to be legal non-conforming.

Pursuant to Sec. 7.9 of the Zoning ordinance, a structure which is nonconforming, due to noncompliance with the dimensional requirements of the official schedule of district regulations of the Code may remain provided that any structural changes not increase the degree of nonconformity and if destroyed to the extent of more than 50% of its current assessed valuation, may only be reconstructed in accordance with the regulations of the district in which it is located. Routine repairs and maintenance of a nonconforming structure or replacement of nonload bearing walls shall be permitted. No structural changes are proposed to the subject properties. The submitted survey/site plan shows the required parking spaces.

3. Compatibility

The proposal shall be compatible with surrounding land uses and the general character of the area, considering, without limitation, such factors as traffic, noise, drainage, dust, lighting, appearance, and effect on property values.

The subject properties are located on the periphery of a residential area east of 5th Avenue W and the railroad tracks, just south of the Taylor Fulton packing plant. Because the existing residential uses have been operating as farm worker housing on these sites for several years, their effect on traffic, lighting, appearance, or surrounding property values are not likely to change except as required by the CPTED report.

4. Environment

The site shall be environmentally suitable for the proposed use and such use shall not have a substantial adverse impact on the natural environment. Soils, drainage, flood hazards, wildlife, and air and water

quality shall be among the factors considered in this regard.

The existing developments were built between 1976 and 1981. These conditional use applications to recognize the existing farm worker housing use are not expected to have a substantial adverse impact on the natural environment. This site is located in flood zone category C.

5. Orderly development

The proposal shall be consistent with providing for efficient and orderly development, considering, without limitation, such factors as provision of public facilities and services, growth patterns and energy conservation.

This CU application is for existing farm worker housing which has operated in an established part of the City for a number of years.

6. Public facilities and services

Necessary public facilities and services, such as sanitation, water, drainage, emergency services, education, recreation and similar facilities and services shall be adequate to serve the proposed use.

These properties are served with City water and sewer.

7. Traffic

The proposal shall not create hazardous vehicular or pedestrian traffic conditions nor result in traffic exceeding the capacity of streets and intersections serving the use.

Existing residential units have been operating as farm worker housing on these sites for several years. Their effect on vehicular or pedestrian traffic conditions are not likely to change. The site plan submitted shows the required parking. In addition to the single parking space provided by the existing concrete driveway at 415 9th Street W, a second parking space is required with a wheel stop.

8. Screening and buffering

The proposal shall include screening and buffering as necessary to minimize adverse impacts on surrounding land uses.

The subject property was reviewed for CPTED by the Police Department. It is located on the edge of a residential area, with commercial uses to the north and west and residential and vacant residential to the south and east respectively.

9. Signs; lighting

Signs and outdoor lighting which may be involved in the proposal shall be designed to ensure that the use harmoniously fits into its surrounding.

The subject property was reviewed for CPTED by the Police Department. In addition to lighting requirements, address numbers for duplexes on 5th Avenue W are required by CPTED, item #8 per Sec. 25-39 below:

Sec. 25-39. - Multifamily residential and commercial assignments.

- (a) Multifamily residential and commercial units (rental or ownership) which have all individual ground floor unit entrances shall have individual addresses (numbers).

(Ord. No. 370, § IIID, 5-15-89)

STAFF RECOMMENDATION:

Staff recommends approval of the proposed conditional use permit subject to the following conditions resulting from the CPTED review conducted by Lt. Scott Tyler on September 17, 2012:

1. The property owner shall maintain doors and windows in good working order with all parts including locking hardware (locks and pry guards), window panes and screens that fit securely and are not torn.
2. The property owner shall insure that air conditioner units are securely installed to prevent removal and unauthorized entry.
3. Install and maintain wide-angle peep hole viewers in all doors.
4. The property owner shall insure that existing lights at the front and rear doors of the units are in good working condition.
5. Install and maintain dusk to dawn security lighting in the fenced area at the rear of the units to include either free standing pole lights or wall mounted security lights.
6. Provide and maintain motion activated security lights between buildings to illuminate high traffic areas from dusk to dawn.
7. The property owner shall secure existing electrical boxes on the exterior of the units or remove them.
8. The property owner shall install unit numbers along 5th Avenue W per Sec. 25-39 of the City Code.
9. Installation of video surveillance is strongly encouraged for parking areas, front and rear of the buildings, and open area in the back for the protection of the residents and to aid the protective efforts of the Police Department.
10. The farm worker housing units may be occupied in accordance with the permit issued by the Florida Department of Health.
11. The Owner shall have 60 days from the date of approval of the Conditional Use permit to complete required site improvements.

PLANNING AND ZONING BOARD RECOMMENDATION:

At its public hearing on October 18, 2012, the Planning and Zoning Board recommended **APPROVAL WITH Staff's CONDITIONS.**

CITY COMMISSION

The City Commission shall **APPROVE, APPROVE WITH CONDITION(S) or DENY** the proposed conditional use permit.
