Title: Criminal Nuisance Abatement Board Ordinance 2012-05

BACKGROUND:

The City has at had a form of this Nuisance Abatement Board since 1988, but it has rarely been utilized. The statute which is the basis for the City Code provisions, has been amended several times since that time to add additional types of criminal offenses over which the Board can find as a public nuisance. It has also provided for additional remedies.

DISCUSSION:

The proposed Ordinance 2012-05 greatly expands matters which can result in the finding of a public nuisance for premises. It now includes premises where crimes related to drug sale and possession, criminal gang activity, dealing in stolen property, and prostitution have occurred on a site. Further, pain management clinics found in violation of certain criminal laws can be found to be public nuisances. The Criminal Nuisance Abatement Board (the City has another Nuisance Abatement Board relating to housing) composition has been modified from the current Ordinance to avoid possible dual office holding and sunshine issues.
