**RESOLUTION 2010-22
BUDGETARY POLICY**

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF PALMETTO, FLORIDA, TO ESTABLISH POLICY SETTING GUIDELINES FOR THE ESTABLISHMENT OF THE CITY'S BUDGET FOR THE PURPOSES OF ENSURING THE FINANCIAL STABILITY OF THE CITY

Whereas, the City Commission, in and for the City of Palmetto, Florida, hereinafter referred to as "Commission", endorses sound financial policies and practices; and

Whereas, the Commission has determined that a Budget Policy tailored to the particular needs of the City is the most responsible way to provide guidelines for the budgeting and management of public funds of the City and to maintain the financial strength; and

Whereas, it is essential that the Commission establish a Budget Policy to provide guidelines for the (1) general outlining of the fund structure, forecasting and basis of budgeting, (2) utilization of fund balance in budgeting, (3) preparation, administration and measurement of the operating budget, (4) budgeting and utilization of city revenues, (5) preparation, funding and administration of the capital improvement plan, and (6) the submission of the budget to and the passage of the budget by City Commission.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF PALMETTO:

SECTION 1: FINDING OF FACT

The above-referenced "WHEREAS" clauses are adopted herein as findings of fact.

SECTION 2: PURPOSE

The purpose of this policy is to set forth the budgetary objectives and parameters for the management of public funds of the City of Palmetto, Florida (hereinafter "City"). The budget is a dynamic rather than static plan and will require periodic adjustments and amendments. Therefore, these policies are designed to ensure the prudent management of public funds, the availability of operating and capital funds when needed and guidelines for the long-term planning for the budgeting of future revenues and expenditures.

SECTION 3: GENERAL BUDGET POLICIES

The City of Palmetto and the Commission is responsible to its citizens to carefully account for all public funds, to manage City finances wisely and to plan for the adequate funding of services desired by the public. This includes the provision of services and maintenance of facilities. This Budget Policy is designed to establish guidelines for budgeting practices that will ensure the fiscal stability of the City and provide guidelines for City staff.

The City's goal will be to adopt operating budgets where current revenues equal or exceed anticipated expenditures. All departments supported by the resources of this City must function within the limits of the financial resources identified or available specifically to them. A balance must be struck between revenues and expenditures, so that the public can realize the benefits of a strong and stable government. Temporary shortages, or operating deficits, can and do occur, but they are not tolerated as extended trends.

A. SCOPE

This policy applies to all appropriated or budgeted, funds which are the responsibility and under the management of the City of Palmetto, its Finance Department and the Department Heads.

B. FINANCING CURRENT COSTS

Current costs shall be financed with current revenues, including the use of authorized fund balances. The City shall strive to avoid short-term borrowing to meet cash flow requirements. However, the City may enter into short-term borrowing with City Commission's approval should a need arise.

C. BUDGET STRUCTURE AND OBJECTIVE BY TYPE OF FUND

Governmental Funds – Subject to annual appropriation

1. General Fund – The annual budget for the General Fund shall provide for general government operations of the City and maintain working capital necessary for the City's financial health and stability.
2. Special Revenue Fund(s) – The City adopts annual budgets for each special revenue fund that demonstrates any legally restricted revenue sources are used consistent with the applicable laws and/or regulations. The following funds are considered special revenue funds to the City:
 - a. Community Redevelopment Agency Fund (CRA) – accounts for the rehabilitation, conservation and redevelopment of certain slum or blighted areas of the City. This fund receives revenue primarily from tax increment financing from the City and Manatee County.
 - b. Road and Bridge Fund – accounts for the construction, maintenance, repair and replacement of the City's streets roads and bridges. Financing is provided primarily through motor fuel taxes.

3. Capital Projects Fund(s) – The City adopts project budgets for its governmental capital projects in the capital projects fund. These adopted appropriations do not lapse at the end of a fiscal year; rather they remain in effect until project completion or re-appropriation by City Commission. The City has two capital projects funds:
 - a. CIP Fund – accounts for the development and construction of the projects included in the City's five-year capital improvement plan.
 - b. CRA Capital Projects Fund – accounts for the activity and transactions associated with the capital projects funded by the CRA.

Enterprise Funds – Subject to annual appropriation

A business approach is used in budgeting for enterprise funds and although generally accepted accounting principles (GAAP) do not require the City to adopt budgets for enterprise funds, it is the City's policy to do so in order to monitor revenues and control expenses. Enterprise funds shall be self-supporting whenever possible and subsidized losses will be minimized when breakeven is not possible. The City's four enterprise funds are as follows:

1. Solid Waste Fund – accounts for the provision of garbage and trash collection to the City.
2. Water and Sewer Fund – accounts for the provision of water and sewer service to the City and certain surrounding areas.
3. Stormwater Fund – accounts for the operation of a stormwater utility to improve stormwater drainage throughout the City.
4. Reuse Water Fund – accounts for the operation of a reclaimed water utility to provide reclaimed water for irrigation in the City.

Internal Service Funds – Not subject to annual appropriation

Internal service funds accounts for services provided to other departments within the City on a cost reimbursement basis. These services include general health and life insurance benefits and payroll liabilities. These funds operate on a self-supporting basis and include:

1. Medical Insurance Fund – accounts for revenues and expenses associated with the employee's health and life insurance benefits. Revenues are contributions from the City and its employees through payroll activities. Expenses are the insurance premiums and closely match revenues.
2. Payroll Liabilities Fund – accounts for payroll type expenses associated with payroll taxes and supplemental benefits. Revenues are primarily from payroll deductions from employees and employer benefits.

Fiduciary Funds – Not subject to annual appropriation

Fiduciary Funds report the pension trust funds which account for the activities of the Police and General Employees Pension plans. These funds accumulate resources for pension benefit payments to qualified employees and are overseen by separate pension trustee boards which contract with third-party managers for the investment and management of pension funds.

D. BALANCED BUDGET

The budget shall be balanced for each budgeted fund. A balanced budget is defined as total anticipated revenues plus any portion of fund balance (see Section II below) that is designated as a budget-funding source shall equal, or be greater than, total estimated expenditures for each fund.

E. BASIS OF BUDGETING

Modified Accrual Basis for Governmental Funds - All Governmental Funds (General Fund, Special Revenue Funds, and Capital Project Funds) are reported in the Comprehensive Annual Financial Report (CAFR) and budgeted during the year using the modified accrual basis of accounting. Modified accrual is essentially accrual accounting, modified to recognize the governmental environment and unique accounting measurement objectives. Revenues are generally recognized during the fiscal year when they are quantifiable, measurable and there is a reasonable expectation that they will be collected during that period. In most cases, expenditures are recorded when the good or service is actually delivered, regardless of when the funds are disbursed. As a budgetary control measure, the funds will be encumbered, and the available budget reduced when the good or service is ordered.

Accrual Basis for Enterprise Funds – Enterprise Funds (Solid Waste, Water and Sewer, Stormwater and Reuse funds) are reported in the CAFR and budgeted during the year using the accrual basis with certain differences as listed below. Revenues are budgeted based on the measurable amount expected to be “earned” during the fiscal year. Expenditure estimates are developed for all expenses anticipated to be “incurred” during the fiscal year. Revenue is recognized when earned and expenditures are recognized when incurred. Transactions are recorded when they occur - regardless of when cash is received or disbursed. This is essentially the same method used in the private sector; however there are a few differences:

1. Capital expenditures and debt principal are budgeted as appropriations
2. Compensated absence accruals and depreciation costs are not budgeted as they are non-cash items

F. FORECASTING

The City will strive to develop and annually update a mid-range (three to five year) financial forecasting system, which will include projections of revenues, expenditures, future costs and financing of capital improvements and other projects that are included in the capital budget and the operating budget. A multi-year forecast of combined revenues and disbursements will be developed and updated periodically. Individual and aggregate revenue categories, as well as expenditures, will be projected by revenue and/or expenditure type. Historical growth rates, inflation assumptions, and City expenditure priorities will all be used in developing the forecast. This tool is used as a planning document for developing the budget guidelines and for evaluating the future impact of current year decisions.

SECTION 4. UTILIZATION OF FUND BALANCE

A. DEFINITION OF FUND BALANCE/NET ASSETS

Fund balance and/or net assets are the result of the previous fiscal year's beginning cash balance plus revenues received minus actual expenditures. It includes unallocated resources that may be used to fund new projects/programs as well as unspent allocated funds, which will be carried forward to fund those existing projects/programs. Fund balance is adjusted for inventory and other non-cash assets and liabilities.

B. FUND BALANCE RESERVES

The City's approved fund balance policy requires a minimum of three months and a maximum of six months of the current year's expense budget to be held in reserve for unforeseen emergencies as a budget stabilization measure. The fund balance and/or net assets are those balances listed as unreserved or unrestricted in the City's Comprehensive Annual Financial Statements (CAFR).

C. UTILIZATION OF FUND BALANCE IN EXCESS OF REQUIRED RESERVES

The City Commission may approve the use of fund balance once a fund has reached the required minimum reserve balance of three months of budgeted expenditures. The use of fund balance in excess of the minimum requirement may be approved for the following reasons:

a. Funding a shortfall in the City's operating budget

If necessary, and in extreme circumstances, the City Commission may approve the use of fund balance for budget stabilization as a funding source for that fund's budget in any given year. The utilization of fund

balance shall be deemed a use of one-time revenues for budgeting purposes.

b. Funding a Reserve for Capital Acquisitions

The City Commission may approve the use of fund balance to establish a reserve for capital acquisitions as outlined in Section II, D. These expenditures may be included in the City's CIP and/or the operating funds.

D. RESERVES FOR CAPITAL ACQUISITIONS

Although a number of options are available for financing capital purchases and projects, including debt proceeds and grants, it shall be the policy of the City to balance the use of these funding sources against the ability to utilize current revenue and excess fund balance reserves. The City Commission shall continue to emphasize the importance of maintaining a balance between pay-as-you-go financing and debt financing for capital projects. Financing capital projects and purchases on a pay-as-you-go basis from current revenues indicates the City's intent to show purposeful restraint in incurring long-term debt. The decision for using current revenues to fund a capital project is based on the merits of the particular project in relation to an agreed upon set of criteria.

In an effort to enable the City to fund capital projects without incurring additional debt, and when sufficient current revenues are not available, reserves for capital acquisitions may be established as needed upon City Commission approval. These reserves can only be established in each fund which has met the minimum fund balance reserve requirements and will be increased only to the extent that the minimum fund balance reserve is maintained. Reserves may be established in each eligible fund from the fund balance/net assets in excess of the minimum required stabilization reserve. The Capital Acquisition Reserve may be added upon each year after the completion of the CAFR, or during the budgetary process, using one or more of the following funding sources:

- a. The total or a percentage of, depreciation expenses in the Enterprise funds as stated in the annual CAFR.
- b. The total net change in fund balance or change in net assets as stated in the annual CAFR Fund Statements.
- c. The excess of fund balance over minimum requirements as approved and assigned by City Commission during the budget process.
- d. A specific amount in excess of the minimum requirement as approved and assigned by City Commission during the budget process.

E. REPLENISHMENT OF INSUFFICIENT RESERVES

In the event that a fund's fund balance reserve is reduced below minimum requirements due to the use of fund balance/net assets, allocation to the capital acquisition reserve, an unforeseen reduction in fund balance or any combination,

the City Commission may approve any of the following measures to replenish the reserve:

- a. Reduction of the Reserve for Capital Acquisitions by an amount needed to re-establish the minimum requirement provided the capital reserved funds have not been obligated.
- b. Amend current year budget to allow for additional funds to be allocated to the fund balance reserve and to return it to the minimum required amount.
- c. Take no corrective action due to timing or immateriality of the shortage in the fund.

SECTION 5. OPERATING BUDGET

The operating budget shall be prepared on an annual basis and include those funds detailed in Section I that are subject to annual appropriation. Prior year actual data will be provided as reference data, with the current year budget and projection of expenditures.

A. LEVEL OF BUDGET ADOPTION AND CONTROL

All budgets shall be adopted at the legal level of budgetary control, which is the cost center (department) level within each individual fund. See Section V G for the process to amend the budget.

B. DEPARTMENTAL APPROPRIATIONS/BUDGET

The budget shall be developed based upon "line-item" expenditures within each department (City Hall, Police Department, Public Works and CRA) and cost center. This type of budget focuses on categories of expenditures such as personnel services, contractual services, supplies, equipment, etc. within each department. Each cost center's budget in each fund shall be detailed within the budget document.

C. BUDGET PREPARATION CATEGORIES

The Finance and Human Resource Departments will be responsible for submitting and loading budget information associated with general personnel wages and benefits for all cost centers. The Police Department will be responsible for submitting budget specifically associated with sworn officers such as incentive pay. All departments are responsible for overtime budgets.

Each department shall submit operating budgets based on goals as established during the strategic planning process including requests for current services necessary to provide the level of service in accordance with those goals. These budgets typically include operating and capital expenses with certain exceptions. The Finance Department will be

responsible for submitting, and loading budget information, for insurance, debt service and lease payments for all cost centers.

D. PERFORMANCE MANAGEMENT/MEASURES

A key responsibility of the City is to develop and manage programs, services and their related resources as efficiently and effectively as possible and to communicate the results of these efforts to its citizens. Performance management and measures, when linked to the City's mission, goals, objectives and the budget and strategic planning process, can assess accomplishments on an organization-wide basis. When used in conjunction with the long-term planning and goal setting, meaningful performance measurements can assist government officials and citizens in identifying financial and program results, evaluating past resource decisions, and facilitating qualitative improvements in future decisions regarding resource allocation and service delivery.

In addition to the line item budget, the budget document shall include performance management and measurement information. Each cost center will develop its mission statement and goals to support the City's strategic and financial plans. Performance measures will be identified, tracked, analyzed and reported for each cost center to assess the level of success in achieving the cost center's mission and goals.

E. STATUS OF ENCUMBRANCES AT YEAR END

It is the City's desire to keep encumbrances carried forward from prior years to a minimum since these can have a negative impact on the balanced budget in the subsequent year. However, it is not the City's intention to automatically close all encumbrances at the end of year, regardless of its status. An evaluation process throughout the year will be established to ensure that a cost center's budget is not unnecessarily encumbered and carried forward to the next budget year.

All encumbrances will be reviewed by the cost centers quarterly. Purchasing and Finance will review all open encumbrances for completion status by September 1st of each fiscal year. Encumbrances for cost centers which are not expected to be completed and/or received during the fiscal year and are not supported by a signed contract will be evaluated by Purchasing and Finance for status. All encumbrances not required to be carried forward into the next budget year will be closed and liquidated. Encumbrances for grants and capital projects will be automatically carried into the next fiscal year along with the identified funding source. Approved capital projects, will be reappropriated and modified according to the CIP detail sheet adopted by City Commission. All budget for any encumbrances carried forward to the new budget year must be included in the balanced budget through the approval of a budget amendment no later

than October of the subsequent budget year. Fund Balance may be used as funding only if the fund meets the minimum requirements of the Fund Balance Policy or by approval of City Commission.

A report of outstanding encumbrances will be included in the quarterly budget review. Any encumbrances carried forward but liquidated in the subsequent year will be reported to the Mayor for review and will be included in the quarterly budget report.

F. BUDGET CONTROL REPORTS

The City's Finance Department shall maintain a system of budgetary control reports to assure adherence to the budget. The Finance Department will prepare and distribute to City Commission and its departments, timely monthly financial reports comparing actual revenues and outstanding encumbrances and expenditures with budgeted amounts.

A quarterly review will be presented to City Commission outlining the budget status in each fund along with key issues affecting each fund. Additional information will be provided on insurance, debt, investments and pension.

G. AUTHORIZATION OF BUDGET TRANSFERS AND AMENDMENTS

The budget is a dynamic rather than static plan, which requires adjustments and formal budget amendments as circumstances change. The City Commission must approve all increases or decreases in total departmental, cost center or fund appropriations

Budget Amendments: Throughout or subsequent to each year, any necessary budgetary appropriations, including budgets for any projects authorized but not funded during the year, may be appropriated through a Budget Resolution. Such resolutions shall be balanced with additional revenues, reduced expenditures or fund balance for each fund and approved by City Commission.

Budget Transfers: Department Heads must submit budget transfer requests transferring budget from one line item to another within the same cost center. All budget transfers into or out of the following expense line items require City Commission approval through a budget amendment:

- Personnel
- Inter-fund transfers

City Commission will be informed of budget transfers from insurance, contingency, debt service or capital outlay line items. This information may also be included in the quarterly budget review.

Budget transfer requests are reviewed by the Finance Department and approved by the City Clerk. Transfers from appropriations that have been obligated, committed, or reserved for a designated purpose shall not be transferred until a formal de-obligation occurs.

H. CONTINGENCY LINE-ITEM

The City shall establish an appropriated contingency in all budgeted departments (City Hall, Police Dept., Public Works and CRA) in order to accommodate unexpected operational changes, legislative impacts, or other economic events affecting the City's operations which could not have been reasonably anticipated at the time the budget was prepared. Non-budgeted funds shall not require a contingency appropriation.

This contingency appropriation will be a separate line item within the budget. This amount shall be subject to annual appropriation. City Commission approval shall be required for all transactions within the contingency line item(s).

I. CONTRIBUTIONS

The City welcomes both unrestricted and restricted contributions compatible with the City's programs and objectives. Prior to becoming City property, any material contribution or donation must be accepted by City Commission. Any material contribution shall be appropriated by City Commission prior to expenditure. Material contributions or donations shall be defined as one-time monetary or personal property contributions or donations valued at \$5,000 or more of real property of any kind.

J. ADMINISTRATIVE SERVICE FEE/ALLOCATIONS

Several General Fund cost centers provide support to the entire city including non-General Fund cost centers. These cost centers include Human Resources (516), Finance (515), Information Technology (513), Public Works Administration (540), Fleet (549) and Engineering (542) but may be amended as needed. Each year, the City may assess an administrative service fee from the General Fund to any other fund and may include the Building Department cost center, based on selected factors determining the percentage of the total budget of the six allocated cost centers. These factors may include positions per cost center, services provided, as well as other factors as deemed appropriate. The purpose of

the allocations is to reimburse the General Fund for the administrative and support services provided to the assessed fund. The basis of the allocations will be determined and justified during the annual budget process, be kept on file in the Finance Department and included in the budget document.

SECTION 6. REVENUE BUDGETS

A. MONITORING REVENUES

Revenues will be monitored regularly and compared to established prior year trends to ensure collections are consistent with the trends. When collections deviate from the trend, corrective action will be taken immediately.

B. REVENUE FORECASTING

Projection of revenues and other resources are critical in order to understand the level of funding available for services and capital acquisition. Projections for future budget periods help determine the likelihood that services can be sustained and highlight future financial issues to be addressed. Preparing revenue projections also enhances the City's understanding of revenue sensitivity to changes in assumptions and to controllable factors such as changes to a tax rate or fee. The City will prepare multi-year projections of major revenues and other resources.

C. ONE-TIME REVENUE SOURCES

To the extent practical, non-recurring revenues shall be utilized within the appropriate fund for items relating to non-recurring expenditures, capital or reserves to eliminate the fluctuations in funding operations with non-sustainable resources. Recurring revenues will be used for recurring expenditures.

D. REVENUE OPTIMIZATION AND DIVERSIFICATION

The City shall attempt to optimize all appropriate revenue sources to achieve an effective mix of revenues, and shall continually seek new sources of revenue to broaden its revenue base. A forecast of revenues and past collection history of at least five years will be prepared annually as part of the budget overview and review prior to annual budget adoption. Ad valorem tax levies shall not exceed statutory millage rates. In summary, to adhere to stated revenue guidelines, the City will:

- a. Estimate its annual revenues by objective and analytical processes
- b. Periodically recalculate the full cost of activities currently supported by user fees and charges to identify the impact of inflation and other cost increases

- c. Set fees and user charges for each enterprise fund, such as Water, Sewer, Stormwater and Reuse, at a level that fully supports the total direct and indirect costs of operations and debt service
- d. Not charge non-General Funds, or Building Department, an unreasonable amount per Section 5J, in administrative fees by the General Fund
- e. Maintain a diversified and stable revenue system to insulate it from short-term fluctuations in any one-revenue source

E. GRANTS

It is the City's policy that all applications and acceptance of grant funds be approved by the City Commission. If the City is in possession of an executed grant contract during the budget process, the grant will be fully budgeted, however if a contract has not been completed at the time of budget, a budget amendment to establish budget for the grant will be presented to Commission during the year.

Upon completion of a grant, programs once funded by grant revenues are reviewed on a case-by-case basis to determine whether the program should be continued utilizing City funds. The decision to continue will be made by the City Commission during the budget review process. The City has no obligation to continue either grant-funded positions or grant funded programs if continued grant funding is not available. Based on the City's strategic plan and preliminary budget guidelines, staff will make grant allocation recommendations to the Commission.

SECTION 7. CAPITAL IMPROVEMENT PLAN

The City will prepare a five-year capital improvement plan (CIP) to be updated annually. This will assist in the planning, acquisition, and financing of capital projects. A major capital project generally is defined as an expenditure that has an expected useful life of more than five years with an estimated unit cost of \$20,000 or more, or an improvement/addition to an existing capital asset. Examples include building/infrastructure, construction, park improvements, utility improvements, land acquisitions, heavy equipment and computer/software systems.

Major capital projects within the Enterprise Funds will be budgeted in the fund which supports the project and funded with all available resources. Any major capital project supported by the General Fund or the Road and Bridge Fund will be budgeted in the Capital Projects Fund. For example, a water project will be budgeted within the Water/Sewer Fund and a road project will be budgeted in the Capital Projects Fund. Non-major capital projects/purchases will be budgeted in the operating budgets of the cost centers. Examples of non-major capital projects/purchases could include small upgrades to sidewalks, improvements to buildings under \$20,000, or any capital

project/purchase under \$20,000. With the involvement of the responsible departments, the Finance Department will prepare the capital budget in conjunction with the operating budget.

A. PROJECT LENGTH BUDGET

The CIP budget shall be developed based upon defined projects approved by the City Commission. Budget appropriation shall cover the period of time estimated to complete the project and include the complete project costs with contingency amounts as appropriate.

B. BUDGET PREPARATION

Each department, in conjunction with the Mayor and City Commission, will identify potential capital projects throughout the year. All identified projects will be added to the CIP document, regardless of available funding. These identified projects provide a method of tracking and planning for the future needs of the City. Every effort will be made to identify those projects committed by the City Commission.

The City Commission will approve the five-year CIP plan however, only one year will be approved for budgetary purposes. In the event that unfunded projects are included in the CIP they will be listed as unfunded.

C. AUTHORIZATION OF BUDGET ADJUSTMENTS AND AMENDMENTS

Department Heads must submit budget amendment requests transferring appropriations from one line item to another within the same project. The Finance Department and City Clerk shall review and approve all requests for budget transfers. Adjustments from appropriations that have been obligated, committed, or reserved for a designated purpose shall not be transferred until a formal de-obligation occurs. The de-obligation of budget dollars to a specific project will only occur after the completion of the project or when a project surplus is identified and funding is no longer necessary.

Projects requiring an increase/decrease in total project budget, or a transfer between projects, must have City Commission approval through a budget amendment. Transfers within line items of an individual project require notification of the Mayor who may inform the Commission.

D. BUDGET CONTROL REPORTS

The City shall maintain a system of budgetary control reports to assure adherence to the budget. The City will prepare and distribute to departments, timely

monthly financial reports comparing actual revenues, and outstanding encumbrances and expenditures with budgeted amounts.

E. APPROPRIATIONS AT YEAR END

Capital project appropriations shall carry forward to the subsequent budget period an equal amount of any encumbrances/purchase orders issued as of the close of the fiscal year. Purchases encumbered in the current year, but not received until the following year, must be charged against each department's subsequent year carry-over appropriation. Any remaining appropriation available by project at year-end must be re-appropriated.

SECTION 8. SUBMISSION OF THE BUDGETS TO CITY COMMISSION

A. ACTION BY THE CITY COMMISSION TO PRESENT STRATEGIC PLANS AND GOALS FOR THE BUDGET YEAR

Strategic planning is a comprehensive and systematic management tool designed to help the City assess the current environment, anticipate and respond appropriately to changes in the environment, envision the future, increase effectiveness, develop commitment to the City's mission and achieve consensus on strategies and objectives for achieving that mission. The strategic plan should provide a long-term perspective for service delivery and budgeting, while establishing logical links between authorized spending and broad organizational goals. The City's objectives for a strategic plan will help determine how the resources available can be tied to the future goals, and assist in the preparation of a long-term financial plan.

The City Commission will establish a strategic plan, along with the City's stated mission and objectives for achieving that mission. A financial plan will be developed for a period of three to five years to assess the financial implications of current and proposed policies, programs and assumptions and illustrate the likely financial outcomes of particular courses of actions. The strategic and financial plan will be reviewed annually.

B. ACTION BY THE CITY CLERK AND MAYOR TO PRESENT BUDGETS TO CITY COMMISSION

The City Clerk must submit all proposed operating and capital budgets to City Commission by July for their consideration and review. The submitted budgets will be accompanied by a message from the Mayor and City Clerk containing a statement of the general fiscal policies of the city, the important features of the budget, explanations of major changes recommended for the next fiscal year, a general summary of the budget, and such other comments and information as they may deem pertinent.

The operating budget, capital budget, the budget message, and all supporting documents shall be filed in the office of the City Clerk and shall be open to public inspection throughout the budget process in accordance with the Public Records Act set forth in Chapter 119, Florida Statutes

C. PUBLIC HEARINGS AND ANNOUNCEMENTS

The City Commission will hold public meetings during middle through late summer to review the City's budget as presented to them by the City Clerk, and make changes as deemed necessary. Once all changes are made and the budget balanced, duly advertised public hearings will be held in accordance with TRIM rules as stated in Florida State Statutes.

D. PASSAGE OF THE BUDGET

City Commission shall adopt the operating and CIP budget through resolution in a timely manner according to the TRIM rules. Any subsequent changes to the budget will be addressed in accordance with amendment procedures previously stated.

SECTION 3. If any section, subsection, clause or provision of this resolution is held invalid, the remainder shall not be affected by such invalidity.

SECTION 4. All resolutions or parts of resolutions in conflict herewith shall be and hereby are repealed.

City of Palmetto
Administrative Policy 04 -04

**VACATION OF STREETS, ALLEYS, EASEMENTS,
RIGHT-OF-WAYS OR CANALS**

The City Commission's authority to grant vacation requests shall be guided by the following Palmetto Comprehensive Plan Policy:

Policy 2.10.3: *The City shall not vacate public right-of-way until it has been determined that the right-of-way is not required for future mobility, utility infrastructure, or storm water needs.*

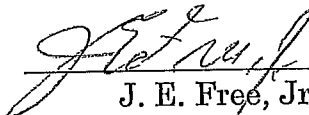

The following guidelines implementing the above policy shall apply:

1. Unless expressly permitted herein, the City shall not vacate, abandon, discontinue or close any existing public street, alleyway, road, highway, easement, canal or portion thereof, or any land delineated on any recorded map or plat as a street, alleyway, road, highway, canal or other place used for vehicular travel, or renounce or disclaim any right of the City or the public in and to any land in connection therewith.
2. Unless expressly permitted herein, the City shall not vacate, abandon, renounce or disclaim any right of the City or the public in and to any land, or interest therein, acquired by purchase, gift, devise, dedication or prescription for street, alleyway, road, or highway purposes
3. Unless expressly authorized by the appropriate governmental agency, or as otherwise provided by law, the City shall not vacate, renounce or disclaim any right of the City or the public in and to land constituting or acquired for a state or federal highway.
4. The City Commission may grant a vacation request where it determines that granting the vacation is necessary to resolve an illegality or inequity created by some action or inaction of the City
Example: if the City erroneously permits a portion of a house to be built in a right-of-way and, for the purposes of transfer of ownership of the house, the owner of the house subsequently requests that the City vacate that portion of right-of-way on which the house is located, The City Commission may grant the vacation.
5. The City shall not grant a vacation request for the sole purpose of relieving the City of its obligation to maintain the subject property. It

is the responsibility of the City to maintain public property to the extent that such property will not constitute a nuisance to surrounding neighborhoods.

6. In implementing Policy 2.10.3, reprinted above, the City Commission shall interpret the term "future mobility" to include the potential future use of the City's unimproved alleyways as linear parks for recreational purposes to meet stipulations of the City's Comprehensive Plan. In accordance with the City of Palmetto's Comprehensive Plan, the City shall ascertain the extent of connectivity between the unimproved alleyways and neighborhood parks. At the direction of the Public Works Director, staff may develop and propose a plan to improve such unimproved alleyways for neighborhood use.
7. The City Commission shall not grant a vacation request for the sole reason that more than one, or all, adjacent landowners have submitted or assented to the request. Example: Where a group of adjacent landowners requests a vacation so that they may construct improvements on the land to be vacated, the City shall not grant the vacation. (As an alternate course of action, the City may choose to construct the improvements and, where authorized by ordinance and/or applicable law, to fund such improvements by assessing the owners of property benefited by the improvements.).
8. Notwithstanding anything to the contrary contained herein, the City Commission shall not grant a vacation request unless it finds that such action is in the best interest of the general public, does not violate individual property rights and is in accordance with the City's ordinances, comprehensive plan, administrative policies, and applicable state law and regulations.

CITY OF PALMETTO
ADMINISTRATIVE POLICY NO. 05-06

CITY OF PALMETTO
GRANTS ADMINISTRATION POLICY

APPLICATIONS:

The Grants Coordinator shall serve as the central point for receipt and processing of all requests for grant applications and related documents forwarded to the City, and will prepare complete and responsive grant proposals.

- A copy of all applications prepared by any City Department must be provided to the Grants Coordinator before submission. The Grants Coordinator shall be given the opportunity to review formally and comment on proposed program guidelines, regulations, announcements, general operating procedures, and obligations the City will incur as a result of funding, etc.
- The Grants Coordinator shall perform a cost analysis on all proposed programs prior to submitting an application. All applications will be reviewed by the Deputy Clerk-Finance to ensure that the application is fiscally feasible and advantageous for the City and to provide for accurate budgeting.
- Department heads shall ensure that all relevant materials and supporting documents are properly prepared and delivered to the Grants Coordinator in a timely manner. The Grants Coordinator shall attempt to ensure that deadlines allow sufficient time for carrying out required actions in an effective manner.
- The Grants Coordinator will distribute a quarterly report describing grant applications submitted. Recipients will include the City Council, Mayor, Deputy Clerk-Finance and appropriate Department Heads.

ADMINISTRATION:

The Grants Coordinator shall have the authority, in coordination with authorized City officials, to submit and/or issue:

- Programmatic reports; and
- Public notices as required, regarding grant applications and agreements; and
- Amendments to notices or grant agreements; and
- Correspondence involving the business management aspects of grants, except that which falls under the cognizance of the Deputy Clerk-Finance, indirect cost rate negotiators or auditors.

The documents listed above may not be issued without the Grants Coordinator's signature unless the City Clerk and Chief Executive sign them. A Grants Coordinator may not relegate this authority.

The Grants Coordinator shall investigate any significant changes in the rate of expenditure from that anticipated and, when programs, functions, or activities are separately budgeted for, compare actual expenditures to budgeted amounts. To the extent appropriate, review of financial status reports should be coordinated with review of performance reports to relate the financial information to the programmatic information.

FISCAL RESPONSIBILITY:

The Grants Coordinator shall have information available that shows the status of funds available for each City program. This information should reflect the current amounts of funds obligated and other financial information necessary for effective management of grant programs. In performing this function, the Grants Coordinator should not duplicate the functions of the finance or budget office, nor keep extensive records.

- The Grants Coordinator shall review all financial status reports.
- The Grants Coordinator shall serve as a mandatory control point for all official communications and contacts with the funding agency which commit or may result in committing the City to a change in the amount of the grant, the grant budget, or any terms and conditions of the grant. This shall include all correspondence requesting changes to the terms of the grants, such as to the scope or objectives of the grant, for rebudgeting, or for subgranting or transferring project activities, etc. It shall also include correspondence interpreting grant management policies.
- The Grants Coordinator, in conjunction with the Deputy Clerk-Finance, will be responsible for all requests for funds/reimbursements. and will ensure that funds are requested and received in a timely manner. The affected Department Head will be notified upon the receipt of funds by way of memorandum.
- The Grants Coordinator shall, with the Deputy Clerk-Finance, resolve or participate in the resolution of audit findings involving grant programs for which he is the Grants Coordinator.
- With Purchasing Agent, the Grants Coordinator will assist in the establishment of sub-contractual arrangements as required to ensure compliance with grant requirements.

PROGRAM RESPONSIBILITY

The Grants Coordinator shall maintain general program information files and individual grant folders and shall ensure that the files and folders contain all required materials, records, and documentation.

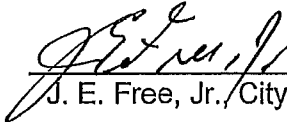

- These records should at a minimum include applications, award letters, contracts, fiscal and performance tracking, all reporting and change orders.
- The Grants Coordinator shall ensure that all documents and reports needed by the funding agency are sent to that office and will be required to attend monitoring and/or evaluation meetings.

- Site visits are an important part of effective grants management. Joint site visits by the Grants Coordinator and funding agency program officials are encouraged.
- Appropriate Department Directors shall review all performance reports.

CLOSE OUT

The Grants Coordinator shall take all necessary actions to close out grants when all applicable administrative actions and required work of the grant have been completed. In performing this function, the Grants Coordinator shall see that each grant file is reviewed to ensure that the interest of the City has been adequately protected and that all significant actions are fully documented before the closeout process is completed.

Approved by City Commission on February 28, 2005.

THE CITY OF PALMETTO

TENANT ASSISTANCE, RELOCATION & REAL PROPERTY ACQUISITION PLAN

I. Displacement Avoidance Policy

THE CITY OF PALMETTO is committed to a policy to make all reasonable efforts to ensure that activities undertaken through the use of Community Development Block Grant (CDBG) and/or other federal funding will not cause unnecessary displacement or relocation. Such federally funded programs will be administered in such a manner that careful consideration is given during the planning phase with regard to avoiding displacement. The City will also provide information to and keep citizens involved in the process regarding pending land use changes, zoning and rezoning actions that threaten the preservation of residential areas. Involuntary displacement shall be reserved as a last resort action necessitated only when no other alternative is available and when the activity is determined necessary in order to carry out a specific goal or objective that is of benefit to the public. In this case, community development and housing programs will be planned in a manner which avoids displacement of households or business.

However, "voluntary" displacement (temporary or permanent) may be necessary in order to achieve a benefit to a household or business (such as rehabilitation or replacement of the building). Such benefits shall be identified and requested by the displacee. Voluntary displacement may also occur when a property owner voluntarily offers his home or business property for sale to the City. In these cases, the seller may be required to waive rights as a condition of sale of the property, and the Uniform Relocation Act provisions will govern actions of the City and/or its representative. 24 CFR part 570 is a governing document on displacement and is incorporated by reference. 49 CER Part 24 provides Uniform Relocation Act information and is incorporated by reference. As pertains to the City's Tenant Assistance, Relocation and Real Property Acquisition Plan, the U.S. Department of Housing and Urban Development Handbook #1378, September 1990, shall be adopted in its entirety.

II. Definitions of 'Standard' and 'Non-Standard Suitable for Rehabilitation' Dwelling Unit Condition.

In the absence of federal and state provided definitions, the following is provided to establish a frame of reference and context when dealing with matters of displacement and/or relocation as defined in 24 CFR Part 570 and 49 CFR Part 24.

A. Standard Condition

A dwelling unit is considered standard if it has no major defects or only slight defects which are correctable through the course of regular maintenance. It must be in total compliance with applicable City housing and occupancy codes; be structurally sound, watertight and in good repair; be adequate in size with respect to number of rooms and area of living space and contain the following:

1. A safe electrical wiring system adequate for lighting and other normal electrical devises.
2. A separate, well-lighted and ventilated bathroom that provides user privacy and obtains a sink, commode, arid bathtub or shower stall.
3. An appropriate, sanitary and approved source of hot and cold potable water.
4. An appropriate, sanitary and approved sewage drainage system.
5. A fully useable sink in the kitchen.
6. Adequate space and service connections for a refrigerator.
7. An unobstructed egress to a safe, open area at ground level, and
8. Be free of any barriers which would preclude ingress or egress if the occupant is handicapped.

Failure to meet any of these criteria automatically causes a dwelling to not be considered "standard".

B. Substandard Condition Suitable for Rehabilitation

A dwelling unit is considered substandard if it does not fully comply with the standard criteria or has minor defects which require a certain amount of correction but can still provide safe and adequate shelter or has major defects requiring a great deal of correction and will be safe and adequate once repairs are made.

To be suitable for rehabilitation, a trained housing specialist must carefully inspect the dwelling and prepare a work write-up of repairs necessary to bring it up to standard condition. A cost estimate of repairs will be prepared based on the needs identified in the work write-up.

If these costs are equal to or less than 65% of the value of a comparable replacement unit as obtained from more than one licensed contractor, the dwelling will be considered suitable for rehabilitation. If the predicted cost exceed 65%, the unit will be deemed unsuitable.

This criteria is arbitrary, however, and the City Council or the City's Board of Adjustment may authorize deviations based on the unique aspects of each dwelling, owner, tenant, etc. on a case by case basis. Each deviation so approved must be thoroughly documented.

III. Permanent Involuntary Displacement

The City will provide reasonable relocation assistance to persons (families, individuals, businesses, nonprofit organizations), displaced and moved permanently and involuntarily, as a result of the use of CDBG/federal assistance to acquire or substantially rehabilitate property. Assistance to displaced persons may include:

- a) Payment for actual moving and relocation expenses documented by receipt and/or vouchers from service providers and utility companies. The documents shall be submitted prior to the disbursement of payment.
- b) Advisory services necessary to help in relocating.
- c) Financial assistance sufficient to enable the displaced person to lease and occupy a suitable, decent, safe and sanitary replacement dwelling where the cost of rent and utilities does not exceed 30 percent of the household gross income of a family earning 80 percent of the median income for the jurisdiction.

A. Provisions for One-on-One Replacement

The City will replace all occupied and vacant occupiable low/moderate-income dwelling units demolished or converted to use other than a low/moderate-income housing as a direct result of activities assisted with funds provided under the Housing and Community Development Act of 1974, as amended, and as described in 24 CFR Part 570. Replacement low/moderate-income units may include public housing or existing housing receiving Section 8 project based-assistance.

All replacement housing will be provided within three years of the commencement of the demolition or rehabilitation relating to conversion and will meet the following requirements:

1. The units will be located within the City.
2. The units will meet all applicable City housing, building, and zoning ordinances and will be in standard, or better, condition.
3. The units will be designed to remain low/moderate-income dwelling units for at least 10 years from the date of initial occupancy (applies to initial tenant only).
4. The Unit will be sufficient in size and number (functionally equivalent) to house at least the number of occupants who could have been housed in the units that are demolished or converted.

Before obligating or expending CDBG/federal funds that will directly result in such demolition or conversion, the local government will make public and submit to the Florida Department of Community Affairs and/or the U.S. Department of Housing and Urban

Development the following information in writing:

1. A description of the proposed assisted activity.
2. The general location on an area map including approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than low/moderate-income dwelling units.
3. A time schedule for commencement and completion of the demolition or conversion.
4. The general location on a service area map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement units.
5. Identification of the source of funding at the time of submittal and the time frame, location and source for the replacement dwelling unit.
6. The basis for concluding that each replacement dwelling unit will be designed to remain a low/moderate-income dwelling unit for at least 10 years from the date of initial occupancy.
7. Information demonstrating that any proposed replacement of a unit with a smaller unit is consistent with the housing needs of LMI persons in the jurisdiction.

B. Provisions for Relocation Assistance for Residential Displacement

The City will provide relocation assistance, as described in 24 CFR Part 570, to each low/moderate-income household involuntarily displaced by the demolition of housing or by the conversion of a low/moderate-income dwelling to another use as a direct result of CDBG/federally assisted activities. Persons that are relocated are entitled to:

1. A choice between actual reasonable moving expenses or a fixed expense and dislocation allowance.
2. Advisory services.
3. Reimbursement for reasonable and necessary security deposits and credit checks.
4. Interim living costs, and
5. Replacement housing assistance which may include a Section 8 housing voucher/certificate and referral to assisted units; cash rental assistance to reduce the rent and utility cost or lump sum payment equal to the present value of rental assistance installments to be used toward purchasing an interest in a housing cooperative or mutual housing association for a period up to 60 months (5 years).

C. Provisions for Non-Residential Relocation

Businesses, non-profit organizations, etc., shall not be relocated unless the move is voluntary, essential to the project from the public view, and the owner waives his/her rights under the Uniform Act except for the following relocation assistance:

1. Actual moving and reasonable re-establishment expenses not less than \$1,000 nor more than \$20,000 equal to pro-rated share for the period of interruption of operations of the average annual net earnings. Average annual net earnings before taxes during the two taxable years immediately prior to the taxable year it was displaced.
2. No other benefits will be provided and a signed waiver acknowledging that fact will be required.

IV. Temporary, Voluntary Displacement and Relocation

- A. Persons occupying housing which is to be rehabilitated using CDBG/federal funds must voluntarily agree to inclusion in the program and shall vacate the housing at the direction of the City (or its designated agency), in order to facilitate the safe, timely and economical rehabilitation process.
- B. A moving allowance of \$300 will be provided each family unit so displaced. This allowance will be provided in two payments of \$150 each on move out and move back in.
- C. The City may provide a safe, decent and sanitary housing unit for use as temporary relocation housing. The unit shall be available free of charge to temporarily displaced households for the time period authorized by the City's designated agency, generally for the period of rehabilitation construction. Households who occupy the unit shall have a \$75 refundable deposit withheld from their initial moving allowance payment. This deposit shall be refunded in full immediately after the relocation unit is vacated in a clean and undamaged condition. The deposit refunded shall be denied in full or in part for payment of damages to the owner/lessee due to the occupants, (a) failure to properly clean or maintain the unit, (b) physical damage to the unit, (c) loss of keys to the units, or (d) need for any special condition such as fumigation. A \$25 per day penalty may also be assessed for the household's failure to properly vacate the relocation unit when directed to do so by the City's designated agency.
- D. A storage allowance of up to \$150 will be provided each family unit displaced if storage is necessary and essential to the move.
- E. Insurance cost of up to \$100 for the replacement value of the household property in connection with the move will be provided each family unit displaced if storage is necessary and essential to the move.

V. Permanent, Voluntary Displacement and Relocation.

If it is determined by the City that occupants of a dwelling should be permanently relocated, and the occupants voluntarily consent, the government will assist in the relocation to a decent, safe and sanitary dwelling unit. Benefits, if provided, will be limited to increases in monthly housing costs incurred by the occupant in an amount equal to the lesser of 60 times the increase or 30 percent of the person's annual income. 24 CFR Part 570 must be consulted to determine specific limitations.

VI. Tenant Assistance Policy/Federal Rental Rehabilitation Program.

- A. It is not the local government's policy to displace families in rental units. Participating landlords will be required to warrant that the proposed rehabilitation will not cause any tenant to be permanently displaced unless the owner will be able to relocate the tenant displaced in accordance with HUD relocation criteria. Rental Rehabilitation funds will not be used to rehabilitate the structures if the rehabilitation will cause the permanent displacement of LMI families.
- B. If it becomes necessary for an owner to temporarily move a tenant from a unit as a direct result of rehabilitation assisted through rental rehabilitation funds, the owners will assure that the tenant is offered a decent, safe and sanitary dwelling unit at an affordable rate as described in the applicable regulations. No tenant will be considered displaced if the owner has offered the tenant a decent, safe, sanitary and affordable unit and the tenant has declined the offer.
- C. Should temporary displacement become necessary for an LMI family as a result of the rental rehabilitation assistance, the owner will assure that tenants are provided the necessary financial assistance, information, counseling, referrals and housing location options regarding Federal Fair Housing Ordinance and other relocation services as needed without regard to race, color, religion, sex, familial status, age, handicap or national origin, so as to enable the family to obtain decent, safe, and sanitary housing at an affordable rent.
- D. Appropriate City agencies, if any, shall provide federal preference to any qualified LMI family subject to relocation. Where Section 8 Housing vouchers are available, such preference will apply.
- E. Where required, compensation to obtain replacement housing shall not exceed \$3,000 threshold. Should such projected compensation to the tenant exceed this threshold, consideration shall be given to not performing the demolition rehabilitation, which would cause the displacement.

VII. Displacement of Homeowners

When rehabilitation of the dwelling is not feasible or cost effective, demolition of house with CDBG/federal funds may be considered, only as a voluntary action by the home-owner. Although homeowners have a right to assistance as previously discussed, CDBG/federal funds available for relocation assistance are limited. Therefore, financial assistance shall not exceed that

described in accordance with 49 CFR 24.401, and the regulations under U.S. HUD Handbook 1378.

VIII. Appeals/Counseling

- A. If a claim for assistance is denied by the City the claimant may appeal where applicable to either the State of Florida or U.S. Department of Housing and Urban Development, and their decision shall be final unless a court determines the decision was arbitrary and capricious.
- B. Counseling will be provided to displacees in the areas of household finance, fair housing rights, real estate transactions, and locating and evaluating replacement housing options. Counseling shall be provided by the City or its designated agency.

To permanently displaced households to ensure that:

- 1. No person is discriminated against based upon age, race, color, religion, sex, handicap, familial status, national origin, or presence of children in the household.
- 2. Displacees receive information concerning the full range of housing opportunities within the local housing market.

This plan was passed this 15th day of March, 2004, by the City Council of the City of Palmetto, Florida.

PUBLIC WORKS "STORM TEAM" ON-CALL POLICY

The City of Palmetto Public Works Department finds it necessary to ensure we will be able to respond to flooding and other storm problems that may occur during weekend hours. Accordingly, the following policy is implemented, effective immediately:

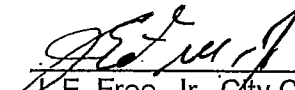

1. Affected Employees: This policy applies to foremen and service workers in the Storm Water Division and Utility Division.
2. On-Call Status: The on-call period will begin at 3:30 PM each Friday and end at 7:00 AM the following Monday, a period of 51.5 hours. During this period, the on-call employees may engage in personal pursuits, but must report for duty within thirty (30) minutes of being called. On-call employees must inform their supervisor of a phone number or other means of communication where they can be reached during the on-call period. Employees who fail to report when called will be subject to disciplinary action. The City of Palmetto will provide a pager and/or a cellular telephone, and a city-owned vehicle to the "on-call" employee.
3. Compensation
 - a. On-Call Pay

On-call employees will be paid 5.25 hours of pay at their regular rate of pay for being on-call from Friday afternoon to Monday morning. (This amount will be reduced pro-rata if a shorter on-call time occurs.) This is extra compensation for being on-call, and will not count towards time worked.
 - b. Duty Pay

If an on-call employee is actually called in to work, he will be paid a minimum of two (2) hours at his regular rate of pay, even if he does not work a full two (2) hours. On-call duty pay will count as time worked.
4. Schedule: Affected Employees will be placed on-call on a rotating basis. The on-call roster will be posted at the time clock fourteen (14) days in advance. Employees may trade on-call duty with the prior permission of their supervisors.

CITY COMMISSION
ADMINISTRATIVE POLICY NO. 05-10

EMERGENCY WORK POLICY

Purpose

The purpose of this policy is to provide direction regarding employee work assignments and pay status during an impending or declared disaster or declared emergency condition, and when applicable, during the recovery period. This includes events due to inclement weather conditions and various types of emergency situations. Departments shall refer to the City's Emergency Management Manual for execution of response activities and emergency roles.

Declaration of Emergency Conditions

The provisions and procedures contained in this policy shall be implemented only after authorization of the Mayor or his designee. Employees shall be notified of the specific date and time an Emergency Status Period is declared.

Job Duties

In order to continue addressing the needs of the community during emergencies and to provide essential services, employees may be temporarily assigned duties other than the essential functions of their regular positions and may be assigned to work at different job sites. All employees are required to work overtime when necessary.

Emergency Phases

For purposes of job assignments and pay status, emergency conditions are addressed according to three phases as follows:

1. *Pre-Impact Period* - The time period prior to the impending emergency condition. This period includes emergency response preparation and preventative measures by the City in preparing for the emergency.
 - a) The decision to close work sites either entirely or partially, and/or to implement disaster emergency duties for City employees, is at the sole discretion of the Mayor or his designee. Accordingly, the Mayor or his designee may determine that non-essential employees at all or certain work sites are to have an early work dismissal, late work arrival, or site closure for one or more shifts.
2. *Emergency Status Period* - This is the time period during which emergency response activities are conducted to protect life and property. Most routine City services are suspended.
3. *Post-Impact/Recovery Period* - The time period during which activities are performed to restore City operations and services to pre-disaster conditions. This period signifies the end of Emergency Status Period, and all employees are expected to return to work.

Employee Emergency Status

All employees shall be assigned an Employee Emergency Status as follows:

1. *Emergency Assigned* - those employees who are assigned duties that require reporting during the Pre-Impact or Emergency Status Period. Dismissal or work-site closure announcements may not apply to these employees.
2. *Non-essential Assigned* - those employees who are not required to work during the Pre-Impact or Emergency Periods when routine City services have been suspended.

All City employees are considered Post-Impact/Recovery Assigned employees

Pay Status

Upon a Declaration of Emergency conditions by the Mayor or designee, the following pay status guidelines will be followed for the Pre-Impact and Emergency Periods as outlined above:

1. *Non-Exempt employees* who are scheduled to work but are not required to work may be released from duty and will be paid regular pay for the declared emergency time-frame. If any employee has a scheduled day off during the Emergency Status Period, the employee will not receive additional compensation.
2. *Non-Exempt employees* who are required to work due to emergency conditions will be compensated for the Emergency Status Period at one and one-half times their regular rate of pay for actual time worked. There will be no duplication or pyramiding of overtime or premium pay for the same hours worked.
3. *Exempt employees* who are scheduled to work but are non-essential may be released from duty and will be paid regular pay for the Emergency Status Period. No additional compensation will be given to employees not scheduled to work during an Emergency Status Period.
4. *Exempt employees* who are required to work due to emergency conditions will be compensated with regular pay for the Emergency Status Period.

Declaration to Resume City Operations

The Mayor or designee will declare a specific date and time when routine City operations are to resume. This will be the date and time that signifies the end of the emergency status period and all employees are expected to return to work. Employees that worked during the Emergency Status Period as noted above will be compensated according to this policy.

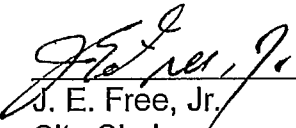

Emergency Work Policy

Page 3 of 3

In the event an employee is unable to report for his/her assigned recovery duties, the employee may request use of accrued leave to include vacation and sick (or leave without pay if accruals are exhausted).

Any employee not performing their assigned recovery duties shall not receive pay during the recovery period unless they are on an approved paid leave status.

CITY COMMISSION
ADMINISTRATIVE POLICY NO. 05-11

USE OF ELECTRONIC AND COMPUTER SYSTEMS

PURPOSE:

To establish the proper use of electronic and computer equipment, systems and/or tools provided by the City of Palmetto to its employees for the purpose of performing job functions including communication, information exchange, and research.

DEFINITION:

Electronic and computer systems are all hardware, software, tools, and any computer-related equipment owned by the City of Palmetto and available for official use by City of Palmetto employees, contract employees, temporary personnel, elected officials and anyone representing the City of Palmetto including, but not limited to, electronic mail, voice mail, calendaring, spreadsheets, word processing, database management and systems such as the internet.

POLICY:

This policy will be provided to all electronic and computer systems users.

Ownership:

All electronic and computer systems, hardware, software, temporary or permanent files and any related systems or devices are the property of the City of Palmetto. These include, but are not limited to, computers, network equipment, printers, controllers, modems, cable systems, software, voice mail, documents, spreadsheets, calendar entries, appointments, tasks, and notes which reside in part or in whole on any City electronic or computer system or equipment.

Department heads have the authority to inspect the contents of any equipment, files, diskettes, tapes, CDs, DVDs, USB mass storage device or other storage media, calendars or electronic mail of their employees in the normal course of their supervisory responsibilities. Information Technology staff shall extract information, files, documents, voice mail, etc. when requested by an authorized department head. Reasons for review include, but are not limited to: system, hardware or software problems, general system failure, a lawsuit against the City, suspicion of a crime or violation of policy, or a need to perform work or provide a service when the employee is unavailable.

Confidentiality/Privacy:

Employees who use electronic or computer systems and/or tools provided by the City of Palmetto cannot be guaranteed absolute privacy. Any and all opinions made using these systems, whether implied or expressed, are those of the individual and not necessarily of the City of Palmetto or management.

Information produced on City of Palmetto electronic equipment is subject to Chapter 119, F.S. – Public Records.

Work produced by City employees on City time becomes the property of the City.

Electronic and computer systems, hardware, software, tools, and information are provided for the purpose of conducting business for the City of Palmetto.

A. Allowable uses of electronic systems and information include the following, to the extent that these uses are for the purpose of conducting City of Palmetto business:

1. To facilitate performance of job functions.
2. To facilitate the communication of information in a timely manner.
3. To coordinate meetings of individuals, locations, and City resources.
4. To communicate with departments throughout the City.
5. To communicate with outside organizations, as required, in order to perform an employee's job functions.

B. Prohibited uses of electronic and computer systems and information include, but are not limited to, the following:

1. Illegal activities.
2. Threats.
3. Harassments.
4. Slander.
5. Defamation.
6. Obscene or suggestive messages or offensive graphical images.
7. Political endorsements.
8. Commercial activities.
9. Using non-business software including games or entertainment software.
10. Violation of copyright laws.
11. Copying of software in violation of software licensing agreements.
12. Dissemination of City information to unauthorized parties.

13. Personal business.
14. Unauthorized access of data files and /or software.
15. Use of passwords other than those authorized.

C. Activities requiring the employee's department head and the information technology director's written approval, include, but are not limited to, the following:

1. Using hardware, related computer equipment, and software not purchased and/or owned by the City.
2. Listening to voice mail or reading electronic mail of another employee without prior written approval of the employee's department head or the Mayor. An employee's supervisor may inspect the contents of voice mail or electronic mail pursuant to paragraph 2, under section "Ownership" of this policy.
3. Using any City software or system to conduct non-City business or for personal purposes.

Internet Access:

Request for internet access must be approved by the employee's department head.

1. Internet access shall be strictly limited to City-related business activities.
2. Time is to be limited on the internet to that necessary to conduct City-related business.
3. The downloading of software from non-city sources is prohibited unless the computer equipment is equipped with virus detection software.
4. Information posted on the internet shall be approved by the Mayor, Vice Mayor or a department head.
5. Employees and elected officials using the internet should advise others that their opinions expressed are their own and not necessarily those of the City of Palmetto.

Unauthorized Access:

All suspected intrusions via the internet or by unauthorized employees are to be reported to the department head immediately.

Passwords: The Information Technology Director will monitor the use of passwords and, upon consultation with the appropriate department head, may change passwords, if necessary, to protect the security of the system.

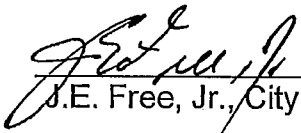

Loss of Information: Employees shall notify their department head if sensitive City information is lost, if they suspect unauthorized use of the electronic information system or if passwords or other system access control mechanisms are lost, stolen or disclosed.

Violations of Policy:

Violations of this policy will be reviewed on a case-by-case basis and can result in disciplinary action as listed in Article 6 of the City of Palmetto Personnel Policies.

RE: Forfeiture Cases

When the Palmetto Police Department seizes property incident to an arrest, state law provides a mechanism by which the police department/city can obtain title and ownership of that property. Customarily we hear about sums of cash or vehicles and boats being seized and used by the municipality. We currently have a case pending concerning a boat.

The statutory scheme under which this is done requires that it be done in a short period of time, which makes typical litigation decision-making something that needs to be done at an accelerated pace. Accordingly, the typical means of obtaining city authority to negotiate settlements of these cases is not available.

Settlement of these cases is sometimes beneficial, because the amount of money at stake is not worth the projected costs of litigation. However, arranging meetings with the commission to discuss possible alternatives could run contrary to the expedited nature of these cases.

Therefore, I believe it would be beneficial to give settlement authority for forfeiture cases to a city official who could make the decision in a timely manner.

I, therefore, would recommend that by resolution, the city appoint an appropriate official to make these decisions.

CITY CO-SPONSORSHIP OF SPECIAL EVENTS

Proposed criteria to be considered by the City Commission when evaluating a request for co-sponsorship of a special event:

1. Whether the applicant resides or maintains an office within the City
2. Whether, outside the context of the event, the applicant generally provides a service or benefit to the community
3. Whether the event is open to the public
4. Whether the event is free
5. Whether the event will serve or benefit the public, as opposed to a specific organization
6. Whether the event permits involvement of City residents who are interested in participating
7. Whether the event promotes diversity within the City
8. Whether the event promotes the cultural or historic character of the City
9. Whether the event has the potential to provide a substantial benefit to the community
10. Whether the event previously has been held in the community and demonstrated a benefit to the community
11. Whether the event will encourage people outside the community to visit and learn more about the City

**RULES OF PROCEDURE FOR AGENDA AND
PUBLIC APPEARANCES BEFORE CITY COMMISSION**

PLEASE PLACE CELL PHONES ON SILENT MODE

DATE AND TIME FOR COMMISSION MEETINGS: With the exception of holidays and pre-approved meeting schedule changes, the Commission meets every 1st and 3rd Monday of the month in the Commission Chambers located at City Hall. A Commission workshop meeting begins at 4:30 p.m. and concludes at 6:00 p.m. unless extended by motion of the Commission. Commission can change the starting time of the workshop meeting as necessary, which will be noticed accordingly. The regular Commission meetings begin at 7:00 p.m. and last until 10:00 p.m. unless extended by motion of the Commission. Commission meeting calendars are posted on the City's website: www.palmettofl.org.

PRIOR TO COMMISSION MEETING: Agenda will be prepared and available to the public by 5:00 pm of the Friday preceding the Commission meeting. Anyone wishing to be placed on the agenda must contact James Freeman, CMC, City Clerk at City Hall by phone 941-723-4570, email: jfreeman@palmettofl.org or fax 941-723-4576, giving their name, business name (if applicable), whether they are resident taxpayers of the City and must state their business. Appearances before Commission will be scheduled per the Mayor. Be advised that, in accordance with the American With Disabilities Act, persons needing a reasonable accommodation to participate in this proceeding should contact the City Clerk at PO Box 1209, Palmetto, FL 34220, telephone 941-723-4570, not later than seven (7) days prior to the proceeding.

PURSUANT TO FLORIDA STATUTE 286.0105: If a person decides to appeal any decision made by the board, council, agency, or commission at this meeting, such person will need a record of the proceedings, and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

WORKSHOP MEETING: Commission workshop meetings are held to allow Commission to review and formulate items that will be placed on a future 7:00 meeting agenda. Commission takes no action at a workshop meeting. The meetings are open to the public, but generally public comment is not presented unless approved by the Commission or Mayor.

REGULAR MEETING: Commission regular meetings allow the legislative body of the City to adopt Ordinances and Resolutions to establish laws and policies to protect the health, safety and welfare of Palmetto residents, as well as providing public services and facilities. The Commission holds public hearings on issues that are of special importance to residents.

WHO MAY SPEAK: Meetings of the City Commission are open to the public. They are not, however, public forums. Any resident who wishes to address the Commission, on any subject within the scope of the Commission's authority, may do so, providing it is accomplished in an orderly manner and in accordance with the procedures outlined below.

SPEAKING ON ITEMS ON THE AGENDA: Citizens wishing to speak to an agenda item must complete a Speakers Form and submit it to the Deputy Clerk-Administration. Public comment will be received prior to Commission action on any agenda item.

- **CONSENT AGENDA ITEMS.** These are items which the Commission does not need to discuss individually, and which are voted on as a group. Any commissioner who wishes

to discuss any individual item on the consent agenda may request the Mayor to pull such item from the consent agenda. Those items pulled will be discussed and voted upon individually.

- **REGULAR AGENDA ITEMS.** These are items which the Commission will discuss individually in the order listed on the agenda. The chair, at its discretion, may permit any person to be heard on an item at a non-public hearing.
- **PUBLIC HEARING ITEMS.** This portion of the agenda is to obtain input from the public. The chair will permit any person to be heard on the item during formal public hearings.

SPEAKING ON SUBJECTS NOT ON THE AGENDA: Citizens wishing to speak on a subject not on the agenda must complete a Speakers Form and submit it to the Deputy Clerk-Administration. Any citizen may address the Commission on any item pertaining to City business during the Public Comment period at the beginning of the 7:00 meeting. Public comment will be received prior to Commission action on any non-agenda item.

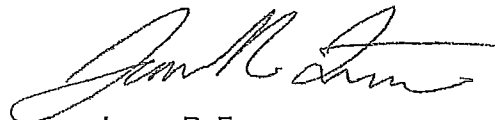

ADDRESSING THE COMMISSION, MANNER, TIME: Citizens shall state their name and address. The length of time each individual may speak will be limited to two (2) minutes in the interest of order and conduct of the business at hand, unless time is extended by action of the Commission. All comments or questions of the public are to be directed to the Mayor as presiding officer. There shall be no cross conversation or questions of any other persons.

PLEDGE OF PUBLIC CONDUCT: We, the Mayor, City Commission and Employees of the City of Palmetto agree to:

Establish a process to promote positive interaction among ourselves and the citizens of Palmetto in a positive and non-threatening environment. Encourage visible, involved and active participation among all. Promote improved communication through active listening, providing feedback and honest expression of ideas. Utilize consensus for decision making. We realize that though we may disagree, we will be respectful of each other. We will direct all comments to the issues and will avoid personal attacks.

DECORUM: If a member of the audience becomes unruly, the Mayor has the right to require the person to leave the room, and may order this done by the Police Department, if necessary. If a crowd becomes unruly, the Mayor may recess or adjourn the meeting.

Adopted by Resolution No. 08-40, December 15, 2008.

James R. Freeman
City Clerk

Amended and approved by Resolution No. 09-21 April 6, 2009.

City of Palmetto Background Check Policy

1. PURPOSE AND INTENT

The purpose of this policy is to provide uniform procedures for performing criminal background checks on potential and current employees of the City. The policy is intended to provide the City with a means of ensuring that no potential or current employees pose a threat to public safety or security, and that potential and current employees are properly qualified for the positions they hold with the City. This policy shall apply to employees of the City of Palmetto Police Department except as expressly stated herein.

2. AUTHORITY

This policy is adopted by City Commission pursuant to and consistent with sections 166.0442 and 112.011, Florida Statutes.

3. DIRECTION

The Human Resources Director and the appropriate Department Head will review all background checks.

4. METHOD OF OPERATION

Level 2 criminal background checks, as defined by section 435.04 of Florida Statutes, as amended, shall be conducted on all applicants for employment with the City and on current employees as a term and condition of continued employment. In addition, all employees must notify their Supervisor or Department Head within two (2) working days of a conviction of any crime, or of an arrest for any of those crimes listed on **Exhibit A**, attached hereto and incorporated herein. (For purposes of this policy, conviction includes pleading guilty, or nolo contendere, regardless of adjudication.) Failure to comply will result in disciplinary action, up to and including termination. When considering an employee's failure to comply, the Department Head shall take into account whether the employee was incarcerated or otherwise unable to provide timely notification. The Department Head shall immediately notify the Human Resources Director of the conviction or arrest for a crime listed in **Exhibit A**, attached hereto and incorporated herein.

The initial determination of whether a conviction or an arrest for any of those crimes listed on Exhibit "A" may affect initial or continued employment will be made by the Human Resources Director and appropriate Department Head. Each conviction or arrest for any of those crimes listed on Exhibit "A" will be considered on an individual, case-by-case basis, with attention being given to the nature and seriousness of the crime, the time elapsed from the conviction date, relevance to the

applicant's or employee's job duties, job location, and the term and nature of an employee's service to the City. Any action recommended by the Human Resources Director and the appropriate Department Head shall be reviewed by the City Attorney and approved by the Mayor.

Employees arrested for a crime listed on Exhibit "A" shall be suspended with pay or, after following the procedures provided in Section 5.02 of the Personnel Policy Manual, may be suspended without pay after notification to the City by the employee in order to allow the City to evaluate the affect on the employee's employment status based on the criteria set forth herein.

Employees convicted of any crime listed on **Exhibit A** may be suspended without pay in accordance with the procedures provided in Section 5.02 of the Personnel Policy Manual until the City's determination of final action. Final action taken by the City shall be evinced in writing and provided to the employee.

5. GUIDELINES

The below general guidelines shall be used to evaluate whether and to what an extent conviction of a crime impacts an employee's qualification for service with the City.

A. Positions that involve close contact with private property, children, or individual members of the public

In furtherance of public security and recognition of the fact that certain staff positions within the City (1) provide employees with access to private property, (2) place employees in proximity to children, and (3) require employees to work in locations or on shifts where there is little or no supervision, employees serving in the following position may be disqualified from employment if they have pled guilty, or nolo contendere, or been adjudicated guilty of any of the crimes or have been arrested for any of the crimes listed on **Exhibit A**, attached hereto and incorporated herein, provided that the crime is classified, or was classified at the time of offense, as a felony or first degree misdemeanor. Disqualification may result in action including but not limited to demotion, job change or termination.

B. Positions that handle money or negotiable instruments

Employees serving in positions that handle money or negotiable instruments may be disqualified from employment if they have been convicted of any of the following crimes, provided that the crime is classified, or was classified at the time of offense, as a felony or first degree misdemeanor. Disqualification may result in action including but not limited to demotion, job change or termination.

1. Possession, sale, manufacture, or delivery of a "controlled substance" as defined in Chapter 893, Florida Statutes
2. Theft
3. Robbery
4. Fraud
5. Embezzlement
6. Any other felony or first degree misdemeanor evidencing dishonesty (uttering a forged document, etc.)

C. Positions that require a valid driver's license or operation of a City vehicle

Employees serving in positions that require a valid driver's license or operation of a City vehicle may be disqualified from employment if they have been convicted of any of the following crimes, provided that the crime is classified, or was classified at the time of offense, as a felony or first degree misdemeanor. Disqualification may result in action including but not limited to demotion, job change or termination.

1. Driving under the influence
2. Leaving the scene of a crash involving a death or personal injury
3. Any other felony or first degree misdemeanor resulting in suspension or forfeiture of one's driver's license.

D. Positions that have access to sensitive information

Employees with access to sensitive information may be disqualified from employment if they have been convicted of any of the following crimes, provided that the crime is classified, or was classified at the time of offense, as a felony or first degree misdemeanor. Disqualification may result in action including but not limited to demotion, job change or termination. For purposes of this subsection "sensitive information" includes social security numbers, bank account numbers, information protected by HIPPA, criminal background reports, and any other information determined by the City Clerk and to be critical to the safety and welfare of individuals or the general public. All such determinations must be in writing.

1. Theft
2. Robbery

3. Fraud
4. Embezzlement
5. Any other felony or first degree misdemeanor evidencing dishonesty (uttering a forged document, etc.)

THESE GUIDELINES ARE NOT ALL INCLUSIVE. ALL CONVICTIONS OR ARRESTS FOR ANY OF THE CRIMES LISTED IN EXHIBIT "A" WILL BE REVIEWED BY THE HUMAN RESOURCES DIRECTOR IN CONSULTATION WITH THE APPROPRIATE DEPARTMENT HEAD AND CITY ATTORNEY. EACH PLEA OF GUILTY OR NOLO CONTENDERE, OR ADJUDICATION OF GUILT, WILL BE CONSIDERED ON A CASE-BY-CASE BASIS FOR CONFORMANCE WITH FLORIDA LAW AND CONSISTENCY WITH THE BEST INTERESTS OF THE RESIDENTS AND EMPLOYEES OF THE CITY OF PALMETTO.

EMPLOYEES CONVICTED OF ANY CRIME LISTED ON EXHIBIT A MAY BE SUSPENDED WITHOUT PAY PENDING THE CITY'S DETERMINATION OF FINAL ACTION. FINAL ACTION TAKEN BY THE CITY SHALL BE EVINCED IN WRITING AND PROVIDED TO THE EMPLOYEE.

Adopted by City
Commission on:

January 5, 2009

CITY COMMISSION POLICY #09-04

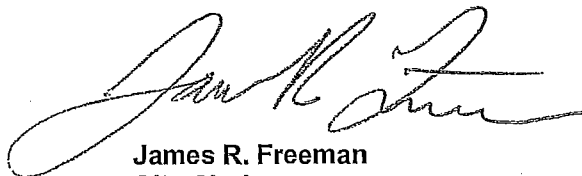

City Commissioners Participating in Board Meetings by Telephone

Members of the City Commission who are unable to be physically present for a Board meeting due to extraordinary circumstances may participate in Board meetings by telephone, provided there is equipment available which allows the members of the Board, as well as the public in attendance at the meeting, to hear the comments of the Board member. However, Board members participating by telephone shall not count towards the Board's quorum requirement. The existence of such "extraordinary circumstances" shall be determined by the Board on a case-by-case basis, as provided herein.

Any Board member who wishes to participate in a Board meeting by telephone shall, prior to the meeting, make a written request to the Board setting forth the circumstances justifying the need for participation by telephone. Any such request shall be placed as the first item on the agenda of the subject meeting, and the Board members who are physically present at the meeting shall make a formal determination as to whether such extraordinary circumstances exist. If the Board determines that the circumstances justify participation by telephone, the Board member participating by phone shall be entitled to participate fully in the Board meeting, including the ability to vote on all matters coming before the Board.

Staff members may participate by phone as requested by the City Commission without the need for a finding of "extraordinary circumstances."

Passed and duly adopted, with a quorum present and voting, this 9th day of March, 2009.

A handwritten signature in dark ink, appearing to read "James R. Freeman", is written over a horizontal line.

CELLULAR TELEPHONE POLICY

Administrative Policy 09-05

Purpose:

To identify the process for support and usage of cellular telephones for City of Palmetto business.

Policy:

City cellular telephones must be used properly and efficiently, for City business to ensure cost-effectiveness.

Procedure:

Cell Phones and Other Wireless Communication Devices

1 **Introduction** - Cellular telephones and other wireless communication devices have become common place and are often necessary for City staff to carry out the responsibilities of their positions in an effective and efficient manner. The cost of the business use of cell phones are subject to scrutiny by the Internal Revenue Service (IRS) and auditors who look for assurance that the costs incurred for cell phone use are only for official business. To support that calls are only for business use, the IRS requires that all calls be specifically and properly identified as to their purpose; business or personal. This policy provides guidance on guidelines associated with providing cell phone service and the responsibilities that cell phone users have regarding the appropriate use and record keeping of cell phone calls.

2 **Cell Phone Authorization Criteria:** Department Heads will authorize the use of a City cell phone based on an employee meeting one or more of the following criteria:

Summary of Cell Phone Options - Departments have the following options of how they provide for the business use of cell phones and other wireless communication devices:

- Works a significant amount of time (more than 50%) away from the office
- Supervises/oversees personnel in the field, away from the central office area
- Needs to travel frequently between City buildings
- The employee spends 35% or more of their time traveling to customer locations.
- Deemed "Critical" personnel if a City emergency is declared.
- Is assigned an after-hours customer service function. Needs to be on-call, taking customer (citizen or employee) calls after normal working hours.

- Travels frequently outside of the City to conduct City business.

3 **City Provided Cell Phones** - Provide City owned cell phones to staff that have a demonstrated and documented need for such equipment and service. Departments must maintain documentation of the justification for the staff's need for the device as well as require a detailed record of all calls made and received (both business and personal). Calls should only be made or received for official City business except in the case of emergencies or special situations, which should be infrequent. Staff should reimburse the City for all personal calls made at the rate being charged to the City by the cell phone provider for the applicable period, plus any applicable long distance or roaming charges, up to the amount of the total monthly bill.

a. **Use of Cell Phones** - City provided cell phones should be used primarily for official business purposes. However, it is recognized that occasions may occur where personal calls may be unavoidable. On such occasions, personal use should be limited in duration and infrequent. To ensure the appropriate use of City provided cell phones, the staff should follow the procedures outlined in this policy. When City owned equipment is provided to staff it remains the property of the City and should be returned to the department head or designee whenever the equipment is no longer needed or if the staff member terminates employment with the City.

b. **Justification for Cell Phones** - When departments make requests for cell phones, departments should review their cellular telephone contracts relative to their choice of billing plans considering:

- i. The demonstrated need for the cell phone for each specific user;
- ii. The most economical billing plan for each specific user, and
- iii. That consistent personal use should not be used as a reason to force the use of higher value services.

c. **Review and Approval of Cell Phone Statements** - Cell phone statements showing a detail of cell phone usage are expected to be reconciled by the cell phone user and sent to the appropriate department cell phone billing designee on a quarterly basis. The department shall review the bills as follows:

- i. The department cell phone designee shall distribute the applicable portion of the statement, showing the detail of calls made to and from each cell phone user. The cell phone user shall indicate if the calls were business or personal (including detailed explanations as may be required by the department).
- ii. Once the employee has reconciled his/her cell phone log to the monthly statement it should be sent to the departmental billing designee for review. The Department designee shall review and approve the designation and collect any payments for charges resulting from incidental personal use.
- iii. The Cell Phone Statement of Use (see Attachment B) must be signed and submitted to the Department designee with the employee's cell phone invoice.

d. **Reimbursement for Personal Calls** - Staff must submit a check payable to the City of Palmetto for the total amount of reimbursable personal use and provide the reimbursement to the department's cell phone designee to be handled in accordance with City cash handling policies and procedures. Cell phone calls will be reimbursable at the rate being charged to the City by the cell phone provider for the applicable period, plus any

applicable long distance or roaming charges, up to the amount of the total monthly bill.

4. Departmental Responsibility - The department is responsible for the following:

a. Determining whether the staff's position requires a cell phone based upon his or her job responsibilities and maintaining appropriate documentation to support this in the departmental files.

b. If a City owned cell phone is provided, to ensure that appropriate detail documentation is maintained to support the business and personal use of all calls and in the event that personal calls are made, that appropriate reimbursement is obtained.

c. City of Palmetto provided equipment remains the property of the City and must be turned into the department head or designee when the equipment or cell phone service is no longer needed or if the staff member terminates employment with the City.

5. Cell Phone User Responsibility – City cell phone users are responsible for the following.

a. The staff member should also notify their department head when there has been a significant change in the need for the business use of a cell phone allowance.

b. For City owned devices, ensuring that the device is used for City business only. The City recognizes that incidental use not initiated by the employee is possible but under any circumstances, it should be both infrequent and non-routine. The City also recognizes that there may be emergency or extenuating circumstances under which the phone is needed for personal use. Those occasions also must be infrequent and non-routine. Reimbursement for incidental personal use should be made when appropriate.

d. Ensuring the physical protection of City owned cell phones from damage or unauthorized use.

e. Ensuring that City owned cell phones are returned to the City when it is no longer needed or when the staff member terminates employment with the department.

f. Providing the City department designee with the current contact phone number or address of the cell phone within five working days of activation.

g. Notifying the department head immediately of inactivation of the device

h. For City owned devices, use for commercial "for profit" activities is prohibited.

i. For City owned devices, political use pursuant to current IRS rulings is prohibited.

8. Effective Date - This policy was approved by City Commission on June xx, 2009 and will remain in effect until canceled or updated.

Approved by City Commission on June 1, 2009

City of Palmetto Cell Phone Statement of Use

I _____ (print your name), an employee of the City of Palmetto, hereby claim that I have used a City owned cell phone for the period of _____ (print month and year of invoice), and that the phone was used:

(Please check one)

- () Solely for the purpose of conducting City business. I claim that there was no personal use of this cell phone during the period stated above.
- () Primarily for the purpose of conducting City business. I claim that there was limited personal use of this cell phone during the period stated above as allowed by the City Cellular Telephone Administrative Policy. Personal calls are highlighted on the attached invoice. I have attached a check to cover the cost of these personal calls at the rate stated in the policy so that there will be no taxable benefit reported on my W-2 statement at the end of the calendar year.

This statement must be attached to the appropriate invoice each month and signed by the City employee who is assigned use of the City owned cell phone. By signing this Statement of Use and attaching it to the associated invoice, you are acknowledging that you have or have not used the phone for personal use, and you understand the appropriate IRS implications for personal use of the City cell phone. Failure to reimburse the City for personal calls will result in a taxable benefit reported on your W-2 for the calendar year.

CITY OF PALMETTO
TITLE VII/ NONDISCRIMINATION POLICY STATEMENT
Administrative Policy 09-06

Title VII/Nondiscrimination Policy Statement, Administrative Policy 0906, shall be applicable only to projects funded by or through the Florida Department of Transportation, Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration.

The City of Palmetto assures the Florida Department of Transportation that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987 and the Florida Civil Rights Act of 1992 be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The City of Palmetto further agrees to the following responsibilities with respect to its programs and activities:

1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
3. Insert the clauses of *Appendix A* of this agreement in every contract subject to the Acts and the Regulations
4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FDOT District Title VI Coordinator.
5. Participate in training offered on Title VI and other nondiscrimination requirements.
6. If reviewed by FDOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

Dated: 8/3/09

Chief Executive Officer

APPENDIX A

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1.) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2.) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3.) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4.) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5.) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - a. withholding of payments to the Contractor under the contract until the Contractor complies, and/or

b. cancellation, termination or suspension of the contract, in whole or in part.

(6.) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the *Florida Department of Transportation*, the *Federal Highway Administration*, *Federal Transit Administration*, *Federal Aviation Administration*, and/or the *Federal Motor Carrier Safety Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation*, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

RESOLUTION 09-19

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF PALMETTO, FLORIDA, TO ESTABLISH A POLICY PERTAINING TO THE CAPITALIZATION OF THE CITY'S PHYSICAL ASSETS FOR PURPOSES OF REPORTING, TRACKING AND ENSURING THE SAFETY OF THE CITY'S ASSETS; REPEALING RESOLUTIONS IN CONFLICT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Commission, in and for the City of Palmetto, Florida, hereinafter referred to as Commission, endorses sound financial policies and practices; and

WHEREAS, the Commission has determined that a capitalization policy tailored to the particular needs of the City is the most responsible way to provide guidelines for the accurate reporting and tracking of the physical assets of the City; and

WHEREAS, it is essential that the Commission establish and approve a policy to provide guidelines for (1) the determination of physical assets (fixed assets), (2) the acquisition and valuation of fixed assets, and (3) the thresholds by which the fixed assets are valued, reported and depreciated.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF PALMETTO:

SECTION 1. FINDINGS OF FACT

The above-referenced "WHEREAS" clauses are adopted herein as findings of fact.

SECTION 2. PURPOSE

The purpose of this policy is to determine the guidelines by which the city's fixed assets are valued, reported, tracked and depreciated. This Asset Capitalization Policy applies to the capitalization of capital assets in all funds of the City of Palmetto, Florida.

SECTION 3. GENERAL OBJECTIVES

This Asset Capitalization policy establishes guidelines for determining:

- which expenditures should be capitalized as a capital asset and which expenditures should be expensed.
- how to value capital assets that are reported.
- the estimated useful lives of capital assets.
- the tracking of controllable assets

SECTION 4. CAPITAL ASSETS

By definition, any asset, tangible or intangible, that benefits the City more than one fiscal period potentially could be classified as a capital asset. As a practical matter, however, governments capitalize only their higher cost assets. Capitalization thresholds are established to determine which assets are capitalized and which assets are expensed when purchased.

The City must maintain adequate control over all assets, including lower-cost capital assets. Capitalization is designed to focus on the City's financial reporting needs, and is not designed for or particularly suited for the purposes of ensuring control over lower-cost assets. Capitalizing numerous small cost items will actually overburden the overall capital asset management system. Capitalization thresholds are established based on financial reporting needs.

SECTION 5. CAPITAL ASSET TYPES

Capital assets are divided between assets that are not subject to depreciation and assets that are subject to depreciation.

Assets that are not subject to depreciation include:

- Land. The amount that should be capitalized for land should include the cost of the land itself; professional fees used to acquire the land (legal, engineering, appraisal, survey fees); costs for excavation, fill, grading, or drainage; demolition of any existing buildings or other improvements; and any other costs that are incurred to acquire the land and make the land suitable for use by the City. The value of easements should also be capitalized. Land is characterized as having an unlimited life and is therefore not depreciated.
- Construction in progress. The costs of assets that the City is constructing, where expenses are incurred over more than one fiscal year, are accumulated as construction in progress until the asset is placed in service. At that time, the total costs are then transferred to the appropriate asset type and depreciated.

Assets that are subject to depreciation include:

- Buildings and building improvements. Buildings are permanent structures that are intended for shelter of persons, materials or equipment. Building improvements are capital events that extend the useful life of a building or increase the value of a building, or both. Repairs that simply maintain the existing life or restore a building to its original condition do not constitute an improvement.
- Improvements Other Than Buildings. Improvements Other Than Buildings are those improvements, other than ordinary and regular site preparation, which ready the land for its intended use. Such improvements can include parking lots, athletic fields, fencing, paths and trails, and landscaping.
- Infrastructure. Infrastructure assets are long-lived capital assets that are stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Such assets can include streets and roadways, bridges, sidewalks, water mains and distribution lines, sewer mains and collection lines, and treatment plants.
- Equipment. Equipment is an item of tangible, nonexpendable personal property with a useful life of more than one year, and includes machinery and vehicles.
 - Leased assets are all assets acquired by a capital lease and shall be treated as a City owned asset and capitalized according to the appropriate capitalization threshold. Assets acquired through an operating lease are returned to the lessor at the end of the lease term and are not deemed to be owned by the City.
- Intangible or Other Capital Assets. Intangible assets can be identified by determining if the asset can be separated or divided from the government by sale, transfer, license, rental or exchange or if it arises from contractual or other legal rights.
 - Software. Software is an intangible item that is used on a computerized piece of equipment. Software is capitalized only when it is an integrated system that entails several modules such as accounting software used city wide or the historical cost of the system exceeds \$20,000.
 - Other intangible assets could include water rights, patents.

SECTION 6. ACQUISITION AND VALUATION OF ASSETS

All capital assets are acquired in accordance with the City's budget and according to purchasing policy. Capital assets should be reported at their historical cost. In the absence of historical cost information, the assets estimated historical cost may be used. If capital assets are moved from

one fund or activity to another, the recipient fund or activity should continue to report those assets at their historical cost as of the date they were originally acquired.

The historical cost of a capital asset should include ancillary charges necessary to place the asset in its intended location (freight charges, for example); ancillary charges necessary to place the asset in its intended condition for use (installation or site preparation charges, for example); and capitalized interest (only for those assets that are utilized in enterprise funds that are reported as a part of business-type activities).

Estimating the historical cost of capital assets for which invoices or similar documentation of historical cost are not available can use either standard costing or normal costing. Standard costing involves using historical sources, such as old vendor catalogs, to establish the average cost of obtaining the same or a similar asset at the time of acquisition. Normal costing involves establishing the current cost of the same or similar asset and deflating that cost using an appropriate price index.

Donated capital assets are recorded at fair market value at the time of acquisition. Assets estimated to have a value in excess of \$5,000 must be appraised by a person knowledgeable and qualified with respect to that type of asset.

All land or building acquisitions with an estimated value in excess of \$20,000 must be appraised by a licensed real estate appraiser. The value of the land or building will then be recorded at historical cost.

Assets acquired through capital leases meeting the capitalization requirements should be recorded at the historical cost of the asset, not including any lease interest payments.

Assets acquired by the exercise of eminent domain powers shall be capitalized in the General Fixed Asset Account Group in the amount of compensation awarded the property owner plus legal service costs incidental to the acquisition.

SECTION 7. EXPENDITURE TYPES

Controllable assets are defined as assets (excluding software) having values of \$500 to \$2,000 and a useful life of greater than one fiscal period. These assets are required to be expensed but are to be controlled for insurance and inventory reporting purposes and will be assigned an asset number. However, these controllable assets will not be capitalized and will not be reported as capital assets in the City's CAFR. Sample controllable assets are: computer equipment and software and tools.

Repair and Maintenance costs are expenditures necessary for the upkeep of the property that neither add to the permanent value of the property nor appreciably prolong its intended life, but keep it in an efficient operating condition. All repair and maintenance costs to capital assets are to be treated as an annual operating expense and charged to the appropriate cost center or fund.

SECTION 8. CAPITALIZATION THRESHOLDS

The City establishes the following Capitalization Thresholds for the following groups of assets:

Land and easements	\$ 20,000
Buildings and building improvements	\$ 20,000
Equipment and vehicles	\$ 2,000
Infrastructure	\$ 20,000
Improvements Not Buildings	\$ 20,000
Software	\$ 20,000

SECTION 9. DEPRECIATION

Assets that are capitalized will be depreciated over their estimated useful lives. Depreciation will be calculated on the straight-line basis, using estimated useful lives as follows:

Buildings and building improvements	30 years
Furniture, fixtures, equipment and vehicles	7 years
Infrastructure – Utility systems, roads and sidewalks	50 years
Intangibles (excluding land related assets)	7 years

RESOLUTION NO. 2010-24

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF PALMETTO, FLORIDA, ADOPTING CITY COMMISSION ADMINISTRATIVE POLICY #2010-01, CITIZEN PARTICIPATION PLAN AND GRIEVANCE PROCEDURE FOR CDBG PROGRAMS, RELATING TO THE CITY'S PARTICIPATION IN THE FLORIDA SMALL CITIES COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM; PROVIDING FOR REPEAL OF RESOLUTIONS IN CONFLICT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Commission has determined that it is in the best interest of the public health, safety, welfare and because of economic conditions to participate in the Florida Small Cities Community Development Block Grant Program (CDBG), and;

WHEREAS, to participate in the CDBG Program, the City has adopted certain policies that are required by law for the submittal of a grant application, and;

WHEREAS, to fully comply with the required policies a municipality must have adopted to participate in the CDBG Program, the City should adopt a Citizen Participation Plan and Grievance Procedure for CDBG Programs.

NOW, THEREFORE BE IT RESOLVED, by the City Commission of the City of Palmetto, that:

1. The Citizen Participation Plan and Grievance Procedure for CDBG Programs will be henceforth utilized for all CDBG Projects, regardless of location, throughout the City of Palmetto.

2. This Resolution hereby repeals all resolutions and parts of resolutions in specific conflict herewith to the extent of such conflict.

3. This Resolution shall take immediate effect within the City of Palmetto upon its adoption.

CITY COMMISSION ADMINISTRATIVE POLICY #2010-01

In order to provide citizens with information concerning the Palmetto Community Development Block Grant (CDBG) program, the City of Palmetto will take the following actions:

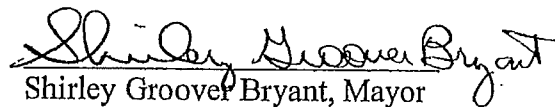

- a. Make available to the public, in a reasonable and timely manner, information concerning the amounts of funds available for various activities and the range of activities that may be undertaken.
- b. Provide citizens with adequate notice of public hearings, which are to be held at times and locations convenient to potential or actual beneficiaries and with accommodation for the handicapped. If a significant number of non-English speaking residents could reasonably be expected to attend a public hearing, an interpreter will be provided for the language expected to be represented.
- c. If any party representing low to moderate income persons requests assistance for developing a proposal for the CDBG, the governing body shall determine the eligibility of the proposed activity. If such activity is eligible for funding, the party's ideas will be discussed at the First Public Hearing in the CDBG application or amendment stage. Information available from the state regarding the application process will be provided to interested parties.
- d. Hold at least one Public Hearing to obtain the views of citizens on community development needs.
- e. A Citizen Advisory Task Force (CATF) shall be established (composed of citizens of the jurisdiction) to provide input relative to all phases of the project process. The task force members will be appointed by the governing body before the Second Public Hearing on the project. Members may be reappointed as a standing committee. The Citizen Advisory Task Force (CATF) will meet at its discretion and will offer recommendations as it deems appropriate.
- f. Develop and publish a summary of the proposed application that will provide citizens with an opportunity to examine its contents and submit their comments.
- g. Consider any comments and views expressed by citizens on the proposed application and, if appropriate, modify the proposed application.
- h. Hold at least one Public Hearing to obtain the views of citizens on the final application prior to its submission to the department.

- i. Hold at least one Public Hearing during the grant implementation process to review the program performance. This may be combined with the Public Hearing on amendments, if any such hearings are required.

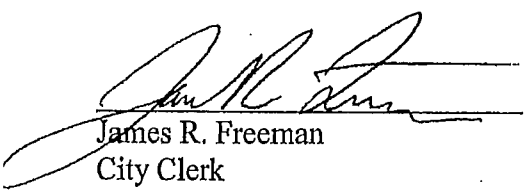

The following Complaint/Grievance Procedure will be followed for the CDBG program:

- a. Complaints or grievances may be filed by local citizens, property or business owners, or their representatives, on the basis of their belief that the CDBG program design or implementation is inappropriate or illegal based upon such factors as environmental considerations or civil rights.
- b. Complaints shall be issued in writing to the City Clerk within 30 days of the perceived problem and delivered or mailed to the official address of the local government.
- c. The local government shall investigate the complaint/grievance and respond in writing within 15 days, although conclusion of the matter may take more than 15 days.
- d. The investigation may be performed by local officials, staff, consultants, the citizen advisory task force, or others as determined appropriate by the local government.
- e. If the party filing the complaint or grievance is not satisfied with the response, they may appeal to the Florida Department of Community Affairs.
- f. Nothing in this policy shall prohibit a person from filing a complaint with HUD or any regulatory agency or court. Housing discrimination complaints may be filed directly by calling the discrimination hotlines.

Building Regulations

PALMETTO CODE

§ 7-243

(d) All natural features of a property including but not limited to rocks, trees and landscaping shall be kept free of graffiti as defined herein.

(Ord. No. 470, § 7, 12-16-91; Ord. No. 578, § 3, 6-16-97)

Sec. 7-244. Requirements for temporary coverings.

No temporary covering, including, but not limited to, a board covering a broken or missing window, on any part of a structure may remain more than fifteen (15) days after on-going construction has been completed or sixty (60) days total, whichever is longer.

(Ord. No. 470, § 8, 12-16-91)

Sec. 7-245. Applicability.

The minimum maintenance standards and guidelines shall be applicable to all unimproved and improved properties, both residential and nonresidential, within the geographic boundaries of the community redevelopment area as well as all properties located elsewhere throughout the city upon which any activity is engaged in that requires an occupational license. The minimum maintenance standards and guidelines shall be in addition to any other standards, codes, ordinances, rules, regulations or other statutory requirements applicable to such properties.

(Ord. No. 470, § 9, 12-16-91)

Sec. 7-246. Enforcement.

The minimum maintenance standards and guidelines shall be enforced pursuant to the provisions of chapter 2, article IV, section 2-81 through 2-90, inclusive, of this Code of Ordinances relating to the code enforcement board. The mayor shall designate the employee(s) to serve as the minimum maintenance standards official for purposes of enforcing compliance with these minimum maintenance standards. Such designated employee(s) shall assist property owners in an effort to achieve an understanding of and compliance with the minimum maintenance standards and guidelines.

(Ord. No. 470, § 10, 12-16-91)

Sec. 7-247. Correction of noncompliance.

Upon receipt of written notification from the minimum maintenance standards official of noncompliance with the minimum maintenance standards and guidelines, a property owner or his representative shall have ten (10) days to commence application for a certificate of review for approval of proposed correction of the cited deficiency. No building permit for the correction of a deficiency shall be issued until a certificate of review has been issued and approved by the minimum maintenance standards official. A failure to secure a certificate of review in any instance, including those in which no building permit is required, shall constitute a violation of this article, enforceable by the code enforcement board.

(Ord. No. 470, § 11, 12-16-91)

Sec. 7-152. Reporting unsafe dwellings or structures.

Members of the fire service, the police department, the public works department and any other city departments may make written reports to the administrative official of dwellings or structures which appear to be unsafe, within the terms of this article. The administrative official is authorized to utilize the services of private engineers, architects or other professionals, in order to determine the condition of the structure in question and such costs shall be assessed in the same manner as provided for in section 7-160.

(Code 1975, § 7-45)

Sec. 7-153. Unfit or unsafe dwellings or structures, declared nuisance.

(a) When a dwelling or other structure, or any portion thereof, including accessory buildings, is found unfit for human habitation, or may imperil the health, safety, welfare and morals of the occupants thereof or of the surrounding areas, upon inspection by the administrative official of the land use and development regulations, or his designee, such official shall require the repair, securing, demolition or removal thereof.

(b) The term "unfit or unsafe dwelling or structure or portion thereof, including accessory buildings," shall include:

- (1) Dwellings or structures, or portions thereof, including accessory buildings, that are structurally unsafe, unstable, unsanitary, inadequately provided with exit facilities;
- (2) Any structure not provided with permanent means of adequately securing all openings against unauthorized entry;
- (3) Constituting a fire hazard;
- (4) Unsuitable or improper for the use of occupancy for which they are intended;
- (5) Constituting a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment;
- (6) Dangerous to life or property; or
- (7) Otherwise in violation of the Standard Housing Code, the Standard Building Code, the National Electrical Code, the Standard Plumbing Code, the Standard Mechanical Code, the National Fire Prevention Code and Standard Gas Code.

(c) Such structures are further declared a nuisance or unsafe dwelling or structure.
(Code 1975, § 7-35)

Sec. 7-154. Authority to order disposition of unfit structure.

(a) The administrative official shall order the vacation, demolition, removal or securing of any unfit or unsafe dwelling or structure, including accessory buildings, or may order the repair, restoration or replacement of any part of any structure, including accessory buildings, in the city when any such part or parts, by reason of fire, age, decay, deterioration, structural

defects, improper design, unstable foundation or termites, affords the opportunity of being a nuisance to the public, or a haven for vagrants, criminals or trespassers, or by acts of God or

ARTICLE II. BUILDING-RELATED FEE SCHEDULE*

Sec. 7-25. Adopted.

The following building permit, inspection, and plan review fee schedule is hereby adopted as the applicable fee schedule for processing applications, petitions and related matters pursuant to the Florida Building Code, Sec. 104.6.4:

<i>Total Valuation</i>	<i>Fee</i>
\$0 to \$999.00	\$25.00
\$1,000 to \$500,000	\$50.00 for the first \$1,000 plus \$7.00 for each additional thousand or fraction thereof, to and including \$500,000.
\$500,000 and up	\$3,543.00 for the first \$500,000 plus \$5.00 for each additional thousand or fraction thereof.

Plan-checking fees: When the valuation of the proposed construction exceeds one thousand dollars (\$1,000.00) and a plan is required to be submitted, a plan-checking fee shall be paid to the building official at the time of submitting plans and specifications. Said plan-checking fee shall be equal to one-half ($\frac{1}{2}$) of the building permit fee for commercial, and one-fourth ($\frac{1}{4}$) for one- and two-family dwellings.

Miscellaneous:

Moving of any building or structure, each	\$300.00
Demolition of any building or structures, each	
Residential	50.00
Commercial	100.00
Courtesy inspections, each	40.00
Filing fees for contractors, each	25.00
Duplicate certificate of occupancy, each	25.00
Duplicate permit card, each	25.00
Permit extension, each	40.00
Re-inspection fees, each	30.00

All permit fees must be paid at the time of filing application. A nonrefundable plan review fee in the amount of twenty-five (25) percent of the total permit fee for residential and, fifty (50) percent of the total permit fee for commercial.

***Editor's note**—Ord. No. 525, adopted September 26, 1994, repealed Ord. No. 342, adopted August 15, 1988, from which Art. II, Building-related fees, §§ 7-25—7-30.1, was derived and subsequently amended; see the Code Comparative Table at the back of this volume. Ord. No. 525 enacted a new building fee schedule which is set out herein as § 7-25.

(d) All natural features of a property including but not limited to rocks, trees and landscaping shall be kept free of graffiti as defined herein.

(Ord. No. 470, § 7, 12-16-91; Ord. No. 578, § 3, 6-16-97)

Sec. 7-244. Requirements for temporary coverings.

No temporary covering, including, but not limited to, a board covering a broken or missing window, on any part of a structure may remain more than fifteen (15) days after on-going construction has been completed or sixty (60) days total, whichever is longer.

(Ord. No. 470, § 8, 12-16-91)

Sec. 7-245. Applicability.

The minimum maintenance standards and guidelines shall be applicable to all unimproved and improved properties, both residential and nonresidential, within the geographic boundaries of the city. The minimum maintenance standards and guidelines shall be in addition to any other standards, codes, ordinances, rules, regulations or other statutory requirements applicable to such properties.

(Ord. No. 470, § 9, 12-16-91; Ord. No. 05-836, § 2, 1-24-05)

Sec. 7-246. Enforcement.

The minimum maintenance standards and guidelines shall be enforced pursuant to the provisions of chapter 2, article IV, section 2-81 through 2-90, inclusive, of this Code of Ordinances relating to the code enforcement board. The mayor shall designate the employee(s) to serve as the minimum maintenance standards official for purposes of enforcing compliance with these minimum maintenance standards. Such designated employee(s) shall assist property owners in an effort to achieve an understanding of and compliance with the minimum maintenance standards and guidelines.

(Ord. No. 470, § 10, 12-16-91)

Sec. 7-247. Correction of noncompliance.

Upon receipt of written notification from the minimum maintenance standards official of noncompliance with the minimum maintenance standards and guidelines, a property owner or his representative shall have ten (10) days to commence application for a certificate of review for approval of proposed correction of the cited deficiency. No building permit for the correction of a deficiency shall be issued until a certificate of review has been issued and approved by the minimum maintenance standards official. A failure to secure a certificate of review in any instance, including those in which no building permit is required, shall constitute a violation of this article, enforceable by the code enforcement board.
