CRA Board Agenda Item

Meeting Date

4/2/12

Presenter: **Jeff Burton** Department: **CRA**

Title: **Downtown Commercial Core Incentives/Budget Cleanup**

Background:

The CRA is required by statute to budget its entire fund balance. With the completion of the FY2011 Audited Financial Statements, staff is now able to determine the exact levels of funding required, resulting in the necessity of a budget clean-up amendment.

During the FY2012 budget process it was anticipated that by the end of FY2011 a significant amount of Commercial Incentives would be awarded and that several of the larger CRA projects would be farther along. This resulted in the exclusion of these funds from the projected carry forward amount used in completing the FY2012 budget. As these expenses did not materialize, the CRA is in a position where a total of \$1,289,545 can now be assigned to new expenses.

Staff has also taken this opportunity to identify areas in which revenues and expenses previously budgeted can be adjusted to better utilize CRA resources to fulfill objectives established in the newly adopted CRA plan. The attached (Exhibit A) lists all of the proposed changes.
