Map Amendment to the City's Comprehensive Plan

**City of Palmetto
Comprehensive Plan
Future Land Use Map Amendment
Staff Report**

Background

As a part of the process to relocate 23rd Street West, in order to accommodate the ball field expansion that resulted from the relocation of Palmetto Elementary School, the City has recognized the need to adjust the Future Land Use Map (FLUM) in order to accommodate the relocated collector.

Map 1 (attached) provides a graphic view of the 2010 FLUM, illustrating the current land use designation.

Map 2 (attached) illustrates the existing and revised alignment of 23rd Street and the proposed 10th Avenue extension.

Map 3 (attached) illustrates the recommended revisions to the FLUM that accommodate the relocated streets and provide appropriate Future Land Uses. As Map 3 illustrates, there are five parcels included in this Amendment.

Parcel 1, which is a 2-acre sliver of land, is located along the east right-of-way of the proposed extension of 10th Avenue West. The existing Future Land Use designation is PF, since the parcel is owned by the Manatee County School Board. The Amendment would change the land use category to GCOM, which will make it consistent with the adjacent GCOM designated area to the east.

Parcel 2 is a 2-acre parcel that is located at the intersection of the proposed 23rd Street West/ 10th Avenue West extension in the southwest quadrant of the intersection. Since the parcel is located at the intersection of two functionally classified roadways, a commercial node at the intersection appears to be an appropriate Land Use designation.

Parcel 3 is an 11-acre parcel located east of the 10th Avenue extension between existing 23rd Street West and the proposed 23rd Street West. The proposed Land Use designation is GCOM and would be an extension of the existing GCOM designation to the east.

Parcel 4 is a 14.0 ± acre parcel located north of US 41 and east of 8th Avenue. The proposed designation is GCOM

Parcel 5 is a 29 ± acre parcel located east of parcel 4 and east of US 41. The parcel extends east to the SCL rail road right-of-way.

Conclusion

These 5 parcels accommodate the revised transportation net work in this area including the extension of 10th Avenue West and the relocation of 23rd Street West. Taken together, they constitute a significant commercial area in the north central part of the City which will be sufficient to supply the needs for future commercial activities in this portion of the City.
