**Manatee School of the Arts**  
**700 Haben Boulevard**

**REQUEST**

Renaissance Arts and Education, Inc. / DBA Manatee School for the Arts (MSA) petitioned the City to vacate the main ingress and egress into the school property in order to acquire the existing public rights-of-way (R-O-W) for private use.

**BACKGROUND**

Manatee School of the Arts recently expanded its boundaries (currently 21.6 acres) and buildings (approved for 213,370 sq. ft.) by revising its adopted General Development Plan (GDP 2011-01). As part of this expansion plan, the school is interested in improving (paving and restriping etc.) the primary ingress and egress onto the school campus for better overall circulation. MSA is requesting that the City vacate these two strips of rights-of-way which the City has owned since the construction of the original bowling establishment. The property was owned by two different owners and the right-of-way would provide ingress and egress for both. Now that the school owns all of the property the need for the right-of-way no longer exists.

**SUMMARY**

Generally the City should consider the following before weighing the public trust and land use effects of a vacation, mitigating measures and the public benefit provided by the vacation to determine whether or not the vacation is in the public interest.

1. impact of the proposed vacation upon the circulation, access, utilities, open space and views provided by the right-of-way;
2. land use impacts of the proposed vacation to insure that the vacation would be consistent with City land use policies for the area in which the right-of-way is located;
3. provision of a long-term benefit to the general public.

Manatee School of the Arts (MSA) was established in 1998 when it acquired the original 8 acre tract (with a vacated bowling alley building) located approximately 700 feet from Haben Boulevard. The ownership pattern of the immediate area surrounding the subject rights-of-way changed over time as MSA acquired additional property for school expansions.

In 2008, the first GDP (08-07) for MSA was approved and in 2011, it was revised incorporating two additional parcels (6.89 acre and 3.8 acre tracts) fronting on Haben Boulevard (previously Riviera Walk East). The major effect of MSA's acquisition of properties on both sides of the City owned R-O-W was that it was now serving only MSA.

Subsequently, the impact of the proposed vacation upon the overall circulation, access, utilities, open space and views provided by this R-O-W is determined to be minimal and because the configuration of the subject property to be vacated limits its land use potential to a R-O-W, its long term benefit to the general public is substantially reduced.

**STAFF RECOMMENDATION:**

Staff recommends approval of the proposed right-of-way vacation for the above stated reasons.

**PLANNING AND ZONING BOARD RECOMMENDATION:**

The Planning and Zoning Board must vote to **APPROVE, APPROVE WITH CONDITION(S)** or **DENY** the proposed R-O-W vacation.
