

GENERAL EMPLOYEES' PENSION PLAN
BOARD OF TRUSTEES
CALLED MEETING
October 16, 2009

Board Members Present:

Ray Dielman, Citizen
Jim Freeman, City Clerk
Ellen Leonard, Citizen
Jim Terry, Citizen
Allen Tusing, Citizen

Board Members Absent:

Gracie Johnson, Employee Representative

Staff and Others Present:

Scott Christiansen, Christiansen and Dehner
Charlie Mulfinger, Morgan Stanley
Mike DeGenova, Morgan Stanley
Diane Ponder, Deputy Clerk-Administration

Chairman Dielman called the meeting to order at 8:30 am. He requested that the meeting be adjourned not later than 10:00 am.

1. HEDGE FUND MANAGER PRESENTATIONS

Mr. Mulfinger explained the three managers that will make a presentation are non-qualified or credit qualified purchasers, because the Plan's balance is not over \$25 million. He opined the timing of considering alternative investments is perfect. He stated the process today is informational, as the proposed investments must be approved by ordinance, after which the Investment Policy must be amended. Mr. Mulfinger further explained that the three managers are not aggressive hedge fund managers; the objective is to diversify the Plan's investments.

Representatives from Ironwood Capital Management, Private Advisors Alternative Asset Management, and Pine Grove Associates, Inc. each made a private presentation to the Board, discussing the management team, size of assets under management, investment process and fees of their firm, and then entertained questions from the Board. Each representative departed the meeting after their presentation.

Mr. Mulfinger opined that all three firms are good firms and have "demonstrated real good success". He stated that Ironwood is the most aggressive of the three firms, with Private Advisors being the most conservative. He suggested that given the time it will take to adopt the necessary ordinance it would be advisable to rank the firm while the information is fresh. Attorney Christiansen also suggested it would be appropriate to rank the firms. The Board discussed each firm and ranked them Private Advisors #1, Pine Grove #2 and Ironwood Capital as #3.

Mr. Mulfinger will prepare information and make a presentation to City Commission concerning alternative investments.

2. INVESTMENT REVIEW

Mr. DeGenova discussed the economy's performance for the quarter ending September 30, 2009.

Mr. Mulfinger reported the Plan's portfolio balance as of September 30, 2009 at \$7,459,936.83, a total gain, net-of-fees, of \$712,564.64. He reviewed the Summary of Relevant Facts, Breakdown of Returns, Valuation & Performance, Compliance Checklist and Consulting & Management Fee Billing Summary reports, all of which are attached hereto and made a part of these minutes.

Mr. Mulfinger stated that he will eventually suggest changes to the distribution of assets to make the growth and value equal percentages. He recommended no rebalance at this time, but did recommend that the Policy should be followed and cash deposits should be invested rather than be placed into CD's. He reported the cash account has a current balance of \$312,000, and it will be placed into a three-month CD unless directed otherwise by the Board. He recommended that as the CD's mature the funds should be moved into the asset allocation.

MOTION: Mr. Terry moved, Mrs. Leonard seconded and motion carried 5-0 to stop buying CD's due to the market rally, and as CD's mature, take the existing cash and matured cash and rebalance the portfolio to Policy.

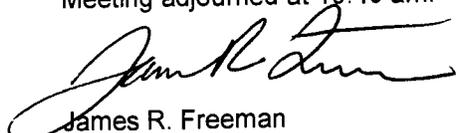

Attorney Christiansen discussed the language he would recommend to allow the investment in alternative investments. Mr. Mulfinger discussed his intent to present the material to the City Commission as an effort to "dampen the risk".

MOTION: Mr. Tusing moved, Mr. Terry seconded and motion carried 5-0 to authorize Attorney Christiansen to draft a proposed ordinance to amend the investments to liberalize the investment language.

Mr. Freeman inquired if the Board would entertain an amendment to the Plan to allow him to opt back in to the Plan, with the understanding that his opt-in would be neutral to the Plan. He discussed his reasons for opting-out of the Plan at the time of his hire date with the City. Attorney Christiansen explained that the Plan can be amended to open a window of opportunity to allow department heads, as the only general employees allowed to opt-out, to opt back into the Plan as a new employee and contribute the actuarial amount to purchase credited service.

MOTION: Mr. Tusing moved, Mrs. Leonard seconded and motion carried 4-0 to authorize in the same ordinance for the change as described by the attorney. Mr. Dielman was absent for the vote.

Meeting adjourned at 10:40 am.

James R. Freeman
Vice Chair

Dollar-Weighted Returns

The investment policy monitor is calculated on a dollar-weighted basis, accounting for deposits and cash flows upon receipt. The dollar-weighted or "internal rate of return - IRR" is the actual rate earned by the Fund. The dollar-weighted return is the appropriate measurement to evaluate the fund's performance in relation to the statement of investment policy and guidelines.
