1. APPROVAL OF MINUTES

**MOTION:**      **Mr. Freeman moved, Mrs. Johnson seconded and motion carried 5-0 to approve the June 1, and August 12, 2009 minutes.**

2. INVESTMENT REVIEW

Mr. Mulfinger introduced Jonathan W. Cangalosi, a principal of Golden Capital Management, the portfolio's small cap strategy/core managers. Mr. Cangalosi gave a presentation of his firm, which manages approximately \$3 billion in assets, with 20 employees. He reviewed the firm's performance relative to the Plan's investments he manages, and how that performance compares to the benchmark. He voiced his confidence that the market will be over confident and will pull back, returning to fundamentals.

Mike DeGenova began the investment review by discussing how the market performed during the third quarter. Mr. Mulfinger reviewed the data for the quarter ending June 30, 2009, reporting the balance at \$6,783,780.57, a total gain, net-of-fees, of \$609,787.38 and an increase of ten percent. He reviewed the Summary of Relevant Facts, Breakdown of Returns, Valuation & Performance, Compliance Checklist and Consulting & Management Fee Billing Summary reports, all of which are attached hereto and made a part of these minutes.

Mr. Mulfinger discussed the Board's decision to stay in the market, which resulted in a ten percent increase in value for the quarter. He reported that both equity and bonds are slightly underweighted, a result of the new monies coming into the portfolio being placed in cash. Mr. Mulfinger recommended that the Board consider balancing the portfolio equally at 17.5% for large cap value and large cap growth, to ensure long-term performance as the economy comes out of the recession.

Mr. Mulfinger briefly discussed the comparative date he prepared regarding fees that could be charged by the managers in the market, vs. the fee in the wrap program the portfolio currently pays. He also reviewed the report that shows every manager has a positive alpha over five years except Golden.

Mr. Mulfinger stated that the time to look at alternative investments, such as purchasing hedge funds is now; the market is high, having gone up 50% and hedge funds are purchased when the market is high. He stated this type of investment is a further attempt to diversify investments and protect the portfolio. He has had preliminary conversations with some hedge fund managers who

have indicated they are willing to invest at a \$500,000 minimum, and recommended a maximum investment limit of ten percent of the portfolio. He stated the portfolio, because of its size is an accredited investor and can invest in a 3B1 hedge fund for alternative investments.

**MOTION:** **Mr. Terry moved and Mrs. Leonard seconded to authorize Mr. Mulfinger to do a search and bring in three hedge fund managers for an interview.**

Mr. Mulfinger confirmed the fees for any alternative investment are outside the wrap program. He stated that if the Board decides to participate in any alternative investment, a contract will have to be developed that breaks the fees for that type of investment apart from the current fee structure. The fees will be fees on fees; but the returns will be shown as net of fees.

The meeting to interview the hedge fund managers will be set for October 15 or 16. The Board will be notified of the meeting date and time.

**Motion on the floor carried 5-0**

**3. APPROVAL OF EXPENSES**

A) Christiansen & Dehner: June and July, 2009

**MOTION:** **Mr. Freeman moved, Mrs. Johnson seconded and motion carried 5-0 to ratify the paid expenses as presented.**

**4. ELECTION OF SECRETARY**

**MOTION:** **Mr. Dielman moved, Mrs. Leonard seconded and motion carried 5-0 to elect Jim Freeman as Secretary.**

**5. ATTORNEY'S REPORT**

Reported Form 1 has been filed by all Trustees.

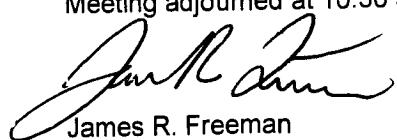

Reported he is having difficulty securing contracts from Gabriel Roeder Smith, relating to fees and the fiduciary liability.

Mr. Freeman reported he has not had an opportunity to do a full comparison with other cities. He reported that comparing just the Police and General Employees' Plan, the General Employees' return is based on calendar and Police based on fiscal year. He will get the fiscal year numbers for the General Employees and report back to the Board. The Bogdahn Group comparison will be utilized to also provide the data. Mr. Freeman also distributed a chart of monthly returns showing gross and net returns.

Mr. Dielman commented on the view rights to the portfolio on-line.

Mr. Dielman also commented on the Trustees' School October 4 – 7, 2009.

Meeting adjourned at 10:30 am.

James R. Freeman  
Secretary

**All-Inclusive Fee Program**

**Approximate Savings of All-Inclusive vs. Separate Fee Program**

\* **Additional Considerations**

- Access to quality professional money managers (account minimums lowered)
- Allow proper diversification - multiple investment styles utilized
- Flexibility to change money managers at low costs (no transaction fees)
- All custody charges included (wiring fees, ACH transfer fees, checks, retiree 1099R reporting)
