PUBLIC COMMENT:

Francesco Mucci, president of Bella Vista Ristorante Italiano, requested that Commission approve a Special Permit Exception to the City's Noise Ordinance, for an event planned at the restaurant for January 26, 2008. The event has been advertised as "Carneval Di Barranchilia" and will feature live music in and outside the building. Commission discussed the application and instructed Mr. Mucci to move the music indoors at 11:00 pm and lower the volume so surrounding neighbors will not be affected. Chief Lowe stated normal patrol will be provided, and his department will quickly respond to any noise complaints. Mr. Williams reminded Commission that because the fair is allowed to run until 12:00 am, the same consideration should be provided this event.

MOTION: Ms. Varnadore moved, Mrs. Lancaster seconded and motion carried 5-0 to accept the Special Permit Exception to the City's Noise Ordinance for Bella Vista Ristorante Italiano and allow the music to go until 12:00 am.

3. PUBLIC HEARING: ORDINANCE NO. 08-956

AN ORDINANCE OF THE CITY OF PALMETTO, FLORIDA, AMENDING ORDINANCE NO. 665 AND RENDERING A DEVELOPMENT ORDER PURSUANT TO SECTION 380.06, FLORIDA STATUTES, FOR RIVIERA DUNES, A DEVELOPMENT OF REGIONAL IMPACT, DRI #236; PROVIDING FOR DEVELOPMENT RIGHTS, CONDITIONS AND OBLIGATIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

Mayor Bustle opened the public hearing. Mr. Derrin Parks, representing counsel for Riviera Dunes, informed Commission he was available for any questions. After no further public comment, Mayor Bustle closed the public hearing.

MOTION: Mr. Ball moved and Ms. Varnadore seconded to adopt Ordinance No. 08-956

Discussion: Mr. Schmitt informed Commission the applicant has requested the Land Use Equivalency Matrix be modified to allow a maximum of 75,000 sq. ft. of office and 12,000 sq. ft of quality restaurant within the project through conversion of other previously approved residential use. He further stated that the parcels have not officially been designated where the commercial/retail use will be placed, but the developer has verbally agreed to locate the use adjacent to US 41, which staff feels is a better use than the previously approved town homes approved for the location. Mr. Parks confirmed the planned placement of the commercial/retail project. When the general development plan for the uses is brought forward, the parcels will be formally identified. Approval of the swap will not alter the overall matrix of the DRI.

Mr. Lukowiak confirmed that DOT has stated the only widening of US 41 that will be necessary will be the portion in front of the Civic Center. He also stated the hotel is still a viable project.

Motion on the floor carried 5-0.

4. CONTRACT APPROVAL: SUPERIOR ASPHALT, INC.

Mr. Lukowiak referred to his updated point paper, and explained he has amended his original point paper for approval of the Superior Asphalt, Inc. contract of \$100,000 for five projects, as follows:

Eliminate WA #1 (9th St. Dr. & 9th St. W.) for \$12,970
Eliminate WA #5 (8th St. W. & 13th Cir. W.) for \$10,045
Both areas still need the installation of reclaim and stormwater lines

The updated point paper contained the remaining three projects plus the addition of 10th Avenue from 7th St. to 10th St. because of comments received in emails and at the City's fair booth. Mr. Lukowiak requested a new not to exceed amount of \$112,274, to be funded by the 2008 CIP (\$100,000) and Road & Bridge (\$20,651) for a total amount of funding of \$120,651. Mr. Freeman stated the \$20,651 is from the Road & Bridge operating account.

Ms. Varnadore suggested that on Work Assignment #3 (4th St. W. & 13th and 14th Ave. W.) work should begin at 12th Avenue. Mr. Lukowiak stated he would have to confirm there are no issues at 12th Avenue, but if the infrastructure is in place he would add the site to the work assignment and would like the contract to be approved for \$120,651. He stated he will report the status of 12th Avenue at the next meeting if issues requiring a large expense are identified. Mr. Lukowiak confirmed that infrastructure under the other areas is adequate at this time and he will move forward with them as proposed.

Commission discussed the need to improve 7th Avenue behind Walgreens and 10th Avenue as compared to other areas of the City.

MOTION: Mr. Ball moved and Mrs. Lancaster seconded to approve and authorize the Mayor to execute the Superior Asphalt, Inc. contract, based on the unit prices competitively bid and awarded to Manatee County, in an amount not to exceed \$120,651; and approve work assignments #1 through #4 in a total amount not to exceed \$120,651, Job #07-572.

MOTION: Mr. Ball moved to strike work assignment #4. Mr. Williams seconded.

Discussion: Ms. Varnadore questioned why a contract for \$120,651 would be improved with work assignments amounting to less than the contract. Attorney Hall explained Mr. Lukowiak could then bring forward different work assignments for approval, so long as they did not exceed the contract amount. Mr. Lukowiak confirmed the amending motion would approve only work assignments #1 through #3.

Mr. Williams withdrew his second, stating the issue is not clear after the discussion. Ms. Varnadore seconded the amendment, so Mr. Lukowiak could perform further research and bring the topic back at a later date. Motion on the floor carried 4-1. Mr. Williams voted no.

The motion as amended was read to approve the contract for \$120,651 and approve work assignments #1 through #3 in an amount not to exceed \$63,605.

The motion as amended carried 4-1. Mr. Williams voted no.

5. APPROVAL: TAMPA BAY NITROGEN MANAGEMENT CONSORTIUM PARTNERSHIP

Ms. Holly Greene, Tampa Bay Estuary, addressed Commission on the proposed partnership with other agencies in the Tampa Bay Estuary Program's Consortium for Nitrogen Management, which allows for cooperative efforts toward the continuing recovery of the Tampa Bay Estuary.

MOTION: Ms. Varnadore moved, Ms. Cornwell seconded and motion carried 5-0 to approve and authorize partnership in the Tampa Bay Nitrogen Management Consortium in an amount not to exceed \$5,000.

6. APPROVAL GASB 45 (OTHER POST EMPLOYMENT BENEFITS STUDY)

Mr. Freeman explained the proposal for Florida League of Cities (FLOC) is to perform a mandated GASB 45 actuarial calculation to determine the City's liability for other post employment benefits exclusive of pension plans. Mr. Freeman confirmed FLOC has quoted \$3,750 for the study and \$2,500 to present the results of the study to Commission; if possible, staff will present the results of the valuation. Commission determined it may be advantageous to approve the entire expense at this time, rather than having to bring a portion back at a later date.

MOTION: Ms. Cornwell moved, Ms. Varnadore seconded and motion carried 5-0 to approve and authorize Florida League of Cities to perform a GASB 45 actuarial calculation in an amount not to exceed \$6,000.

9. APPROVAL: 2008 COMMISSION LIAISON ASSIGNMENTS

Mayor Bustle informed Commission the outside appointment to the Palmetto Historical Commission previously approved by Commission should reflect Mr. Williams as the appointee rather than Ms. Varnadore. Mr. Williams informed Commission he would not be able to serve in the capacity, as he works Saturdays. After discussion, he was assigned as a floater to special meetings

MOTION: Mr. Ball moved, Mrs. Lancaster seconded and motion carried 4-1 to approve the 2008 Commission Liaison Assignments, as presented. Ms. Cornwell voted no.

11. DEPARTMENT HEADS' COMMENTS

Mr. Schmitt

No report.

Mr. Lukowiak

Several events have reiterated the need for an earthmoving ordinance, which Mr. Lukowiak requested be added to the Suspense Log.

Stated that as agreed to with Manatee County, he would remove the MLK Street signs Tuesday. Commission discussed how the City can intercede on behalf of the residents to permanently rename 17th Street. Mayor Bustle will send a letter on the topic to the chairman of the county commission.

Inquired how he should respond to the persons who had commented on the need to repair 10th Avenue. Mr. Williams apologized for misunderstanding the work assignments that were approved.

Mr. Freeman

No report.

Chief Lowe

Congratulated the Mayor on his award received at the MLK Banquet. Stated there were no incidents during the MLK Parade.

Attorney Hall

Informed Commission she had placed information on modified Roberts Rules in their mailboxes.

12. MAYOR'S REPORT

There is nothing new to report on Palmetto Elementary.

There is a meeting with the county scheduled Friday to discuss 7th Street.

13. COMMISSIONERS' COMMENTS

Mrs. Lancaster

Chief Lowe reported the process to bring Club Nitrous to the Code Enforcement Board is underway. Attorney Hall reported she will be meeting with Mr. Stollo later in the week.

Congratulated the Mayor on his award. Complimented Ms. Lukowiak and Ms. Varnadore on the presentations made at the MLK Banquet.

Ms. Varnadore

Inquired the City's position on 11th St. Ct. W. right-of-way. Mr. Lukowiak discussed the county's position. The developer stated he will either put the project on hold or refigure the infrastructure.

Inquired about the stop sign removal project. Mr. Lukowiak stated he has met with Nick Lepps, Renaissance Planning, concerning the \$30,000 refund the City was to receive if the firm was awarded the FDOT contract for the Palmetto/Bradenton traffic study. Because there may be difficulty receiving the \$30,000 credit, Mr. Lepps has been asked to give a quote on a plan for the stop sign removal, a plan for transportation concurrency and a few other topics as a way to spend the credit. He stated that if he agrees with the quote he will bring it to Commission for approval; if not, his staff will begin the removal. Regardless, the project will begin within the next 30 days.

Commended staff on the MLK celebration.

Commended Detective Tyler and the police department in a recent incident involving her family.

Mr. Williams

The fair has been a success thus far.

Inquired about the annexed building on 8th Avenue. Mr. Schmitt reported a site plan was submitted Friday and the applicant now has less than 30 days to perform the plan.

Stated he does not want to receive any more handouts concerning an agenda item prior to or during a meeting; if an item is changed it should be removed from the agenda. Commission declined to make a policy regarding handouts at a meeting.

Inquired if there has been further communication with FDOT about painting the island (on 10th Street). Mr. Lukowiak stated he has spoken with Mr. Giddens on several occasions concerning the topic.

Ms. Cornwell

Reported two more Council of Government meeting are scheduled; February 20, 2008 and March 19, 2008. Requested that Palmetto submit the pool and 17th Street issues for agenda items. Inquired if the joint workshop meeting has been scheduled; Mr. Lukowiak stated the proposed meeting is specific to the Erie Road Landfill. Mayor Bustle stated he will bring the items forward at the next meeting.

Referring to the simple parliamentary rules, she stated it is difficult for her to support something coming from the California League of Cities because of a lack education on a rule she is not familiar with. Stated that without a chance to review the rules and attend course work, she could not voice acceptance of the new procedure. Attorney Hall stated the rules were distributed as an example and she does not intend to pursue the topic without direction from Commission or the Mayor.

Mr. Ball

Commented on the pile of dirt on 7th Street. Mr. Lukowiak stated the pile is the reason he is bringing forward the earthmoving ordinance. He has confirmed that the property owner is utilizing best management practices, but that is the extent of action the City can undertake at this time. He is awaiting comments from the City's SWFWMD representative, which toured the City with him last week.

Mr. Williams complimented the Mayor on his letter to the Chairman of the Board of County Commissioners.

Meeting adjourned at 8:50 pm.

Minutes approved: February 4, 2008
